A TOUCH OF CLASS

K illeen High School, without a shadow of a doubt, possesses that sacred and highly sought after thing, "A Touch of Class." The students of K.H.S. are exceedingly special, and are to be highly commended for the way they take pride in themselves as well as in their Alma Mater, K.H.S. From the faculty to the seniors to the freshmen, the Roos have a certain flair for doing things, and they will always top it off with "A Touch of Class!"

Making a decision on which ring to buy or not to buy is **GIDGET WILLIAMS** and **DARRELL BUCKLEY**.

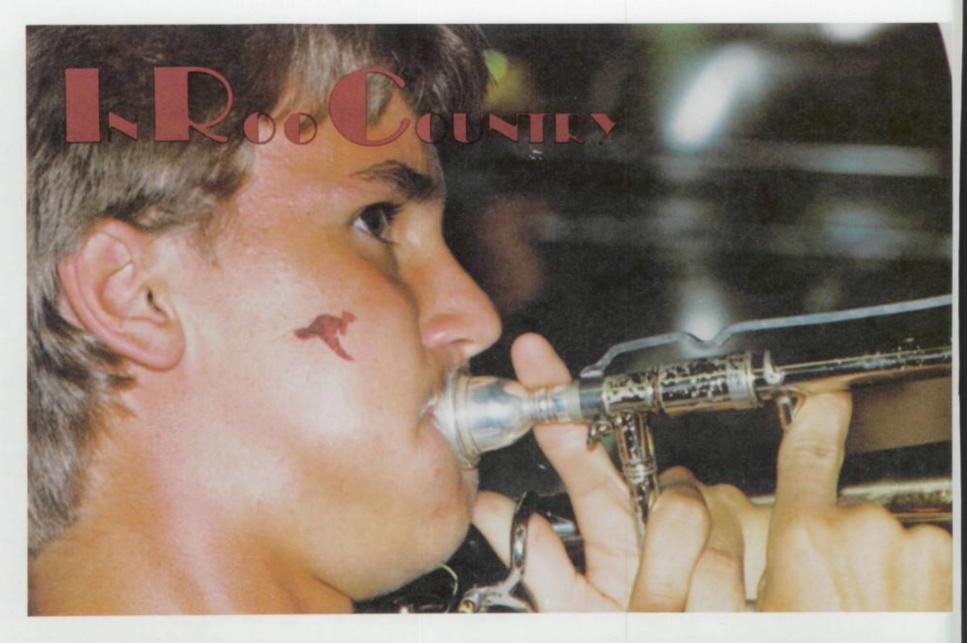

R-R-O-O-S

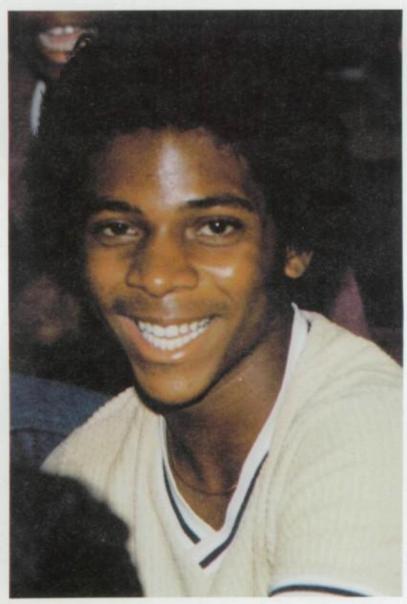

Kangarette **JULIE CHRISTIE** dances to a performance at halftime of a football game.

RUSSELL DOUBRAVA joins hands with a teammate and a cheerleader as they sing the K.H.S. Alma Mater.

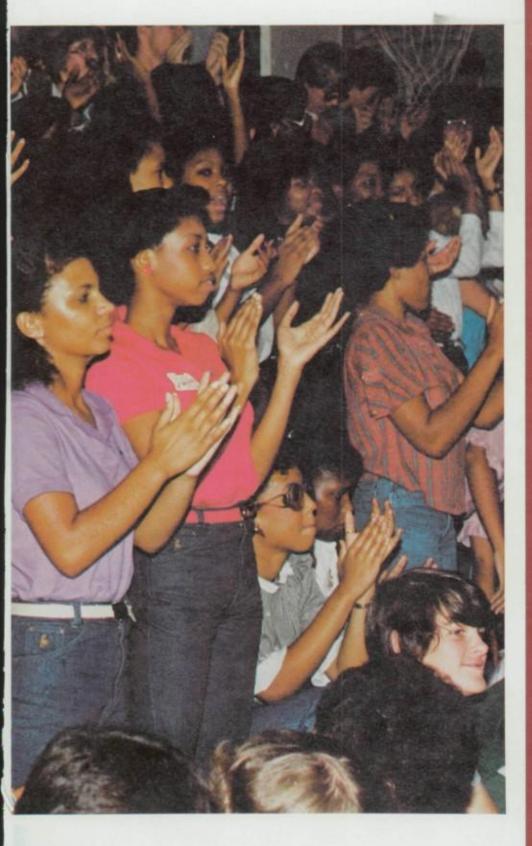

Because there was a penalty on the play, this apparent touchdown by **SCOTT LANSDALE** was called back against Westwood.

MARK SHARONBROUCH presents "A Touch of Class" to K.H.S. as well as other schools through his spirit workshop.

W HEN you say, "A Touch of Class," is in Roo Country; you have said it all! The entire student body and faculty comes to mind, with special reference to the graduating Seniors of the class of 1983.

K.H.S. is an extremely unique school in the way it offers a variety of programs and activities to its students. The overall school spirit and student participation in activities are carried on with pride and a special zest that is sometimes lacking in other schools. Be it in sports or organizations, the desire to be the best is present in every game and contest, as well as in the final showing. The students of K.H.S. have a certain style and elegance about themselves that no other school can possibly match!

The sweet sound of music is heard through **MIKE HARTMAN'S** trombone.

"Pep rallies are something to smile about!" grins ANDREAS HILLIE.

Placing a ring order with Mr. Overall is MARIA RIVERA while CINDI FIGUEROA and RIDA RIVERA look on.

At a pep rally, MANUELA DUPONT and GLORIA MARSHALL get rowdy for the Roos.

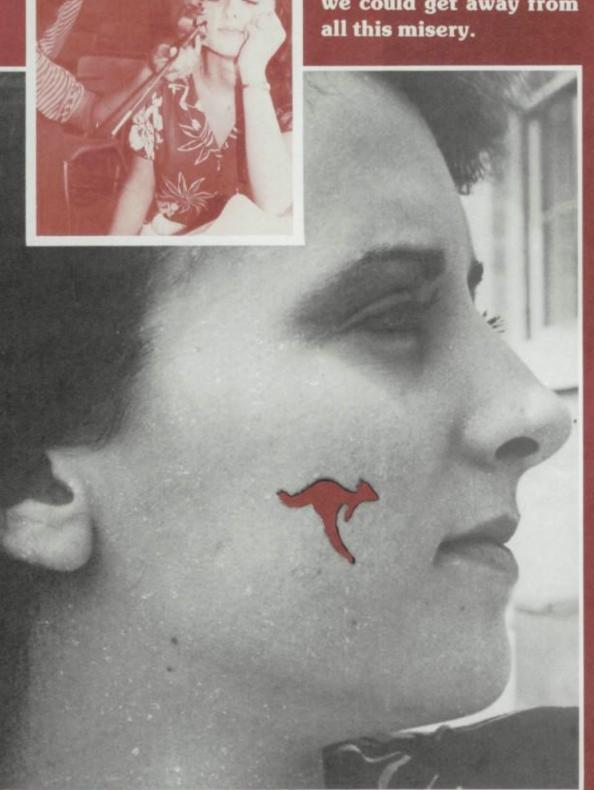

CARLA STUART still has a smile on her face even after her "punk" dance at the pep rally.

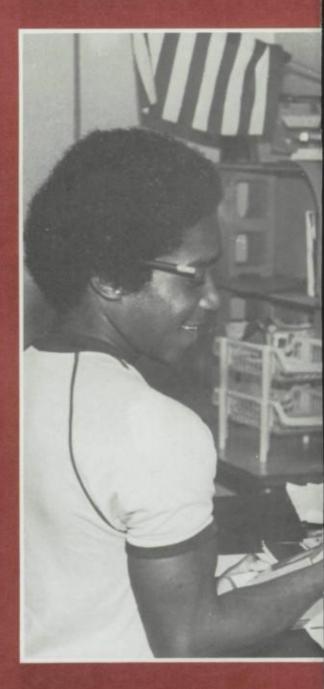

Yelling and hollering is the "in" thing to do at pep rallies says BILL GREENE and BILL SMITH.

SOME DAYS ARE CLASS-Y ...

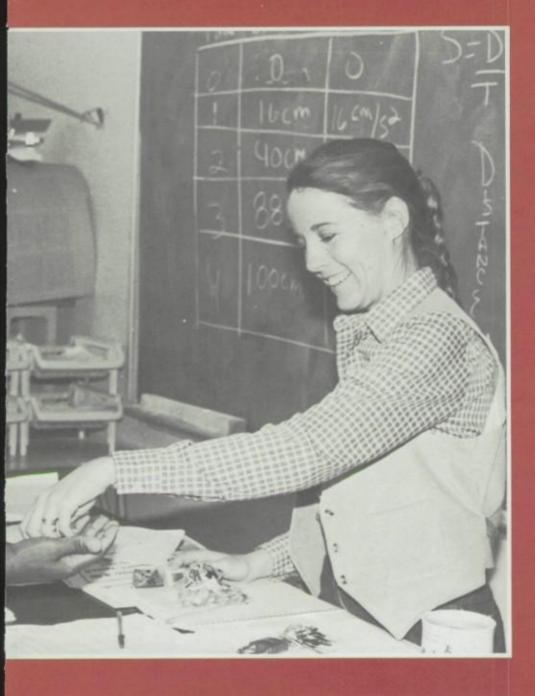

As soon as the students strolled through the halls of Killeen High School, they were bubbling with excitement and enthusiasm. These unsuspecting innocents,

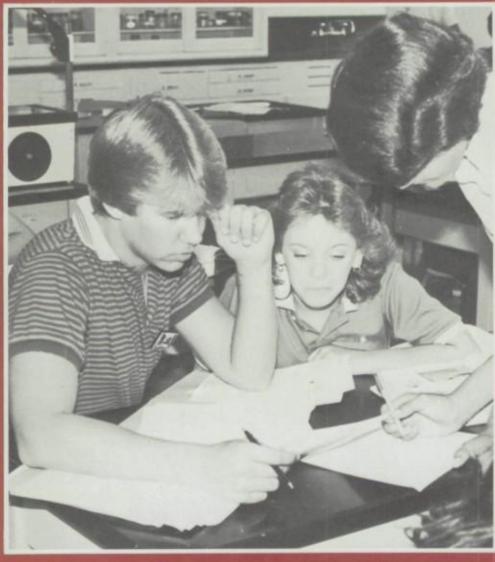

were all set and ready to jump right into the new school year. Everybody was smiling and laughing because they were ecstatic about the idea of meeting their old friends and making new ones. Things began to slow down to a dull routine, and we all prayed and hoped for those classic days where we could get away from all this misery.

CHRISTI CANO paints the emblem of a kangaroo on MARCIA ARMSTRONG'S face.
In a physical science lab, MRS. LEIBL grins as she hands LARRY MILTON marbles to work his experiment on time, distance, and speed.
A true Roo fan describes MARCIA ARMSTRONG to a

tee as she proudly wears the emblem of a Roo on her face. "I have school spirit!" snickers **CYNTHIA STILESI** as she dresses out on western day of Homecoming spirit week.

Taking her turn at duty during a football game is MRS. SULLIVAN.

OTHERS ARE CLASS-IC

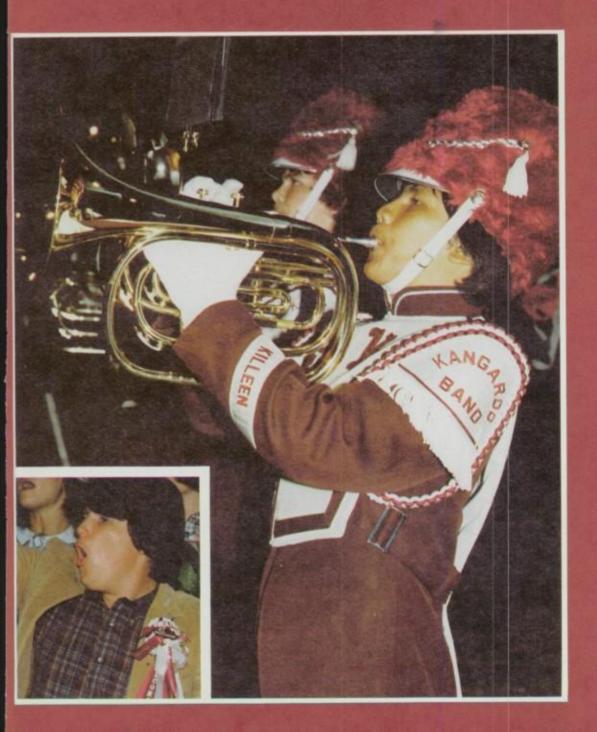

The classic days are the ones; it seems like it is forever before they happen to appear on the calendar. These days are labeled "special occassions," by the students, because these are the times when they can finally get away from it all.

Students put aside their headaches, to dress up in three piece suits and formal gowns; for this is a particular day they are not likely to forget about any time soon. Classic days are like a dream that you wish could last for eternity.

... And Miss Roo for 1982 is MARION EMERY. She and her escort PAT KERN get prepared to take a ceremonial ride around the football field.

When **SONNY AUSTIN** is at pep rally, she is either rooting for the Roos or smiling.

The runners-up for Miss Roo and their escorts are SUSAN YOUNG and STEVEN JACKSON, GOLDIE HAMPTON and MARCUS BOLDEN. K.H.S.'s bugle boy, PAUL SUVURUNGSI, performs his music at a half-time show.

Go Roos! shouts FRANK D'ALEO.

In rememberance of homecoming, MONICA BROWN totes her balloons around even between classes.

ELIZABETH WATSON and **CARLA STUART** are the extremely lucky ones in the fact that they received the most mums on homecoming day.

PEOPLE

It has been said many times that it is not the building that makes up a school but the people.

Killeen High School consist of many different kinds of people; and without them our school would not have the character, spirit of class that it does have.

Wherever you go throughout our school, you can observe people helping each other. Whenever you need someone to talk to there is always somebody there that you can count on, whether it is a teacher or another student.

There seems to be a special bond between everyone at K.H.S. that puts a sparkle in everyone's eyes. There is a deep sense of pride and loyalty that only a true Roo can understand.

BUDGET CUTS AFFECT US ALSO

Along with the inflation of the country and the cutting back of budgets, one of the areas affected are public schools.

President Reagan has been making various budget cuts in several areas, one of them being the impact aid fund. Impact aid is the funds given to school districts that have an abundance of military children. The amount to be given to K.I.S.D. was undetermined as of September 1, 1982 when the K.I.S.D. budget had to be approved. Anticipating a reduction in funds, K.I.S.D. was forced to make cuts in several areas.

One area affected was the student activitives budget. Another area seen by students was one-day field trips. Students had to take sack lunches or pay for their own meals.

Another area was the student and teacher allocation. Items such as library books and audio-visual supplies were cut by as much as 50¢ per person throughout the district.

At K.H.S. another area that was cut and will affect the students was the allocation money for the Jr.-Sr. Prom. No funding was given. All money had to be made by the students in vote-donations for a "Sexy Legs" contest in which 23 students competed.

Although the quantity of the "extras" of our education has been cut slightly, the quality has remained the same. We will always continue to have the fine teachers and administrators in our school which constitute the main factors in acquiring a good education.

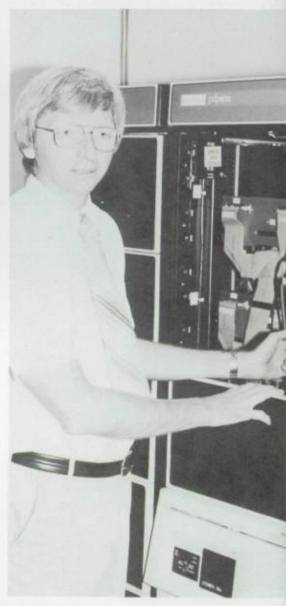

DR. CLARENCE HAM, Superintendant of Schools, and DR. TOM DAVIS, Assistant Superintendent for Personnel, discuss the 1982-83 schoolbudget.

... Our Little Bit of Japan at K.H.S.

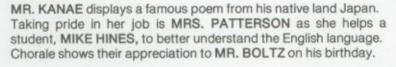

Killeen High School was honored with the presence of an extremely special man this past year, Mr. Kanamitsu Kanae. He introduced Japanese culture, history, geography, customs, and educational systems to our school as well as other area elementary and middle schools.

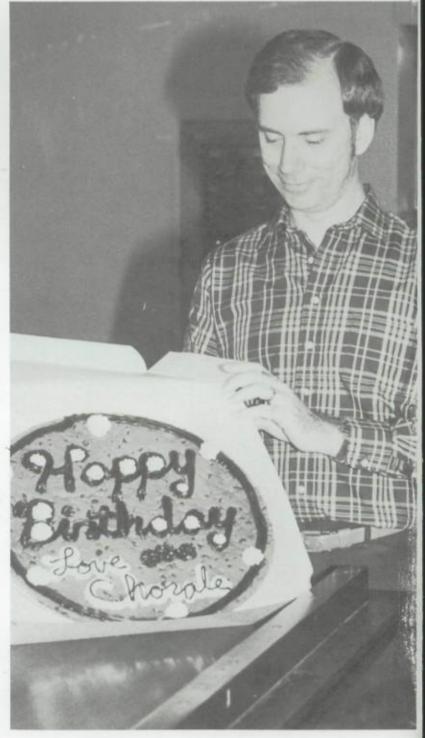

In Japan, Mr. Kanae teaches at an all girls school. There the teachers move from class to class instead of the students. Grades 10, 11, 12 are considered high school; and the school year begins in April and ends in March, with a vacation in July and August.

"I am very impressed by the closeness, friendliness, and open-mindedness of the students and faculty, and most of all with their interest in Japanese culture. I would like to express my appreciation to everyone who made me feel at home," remarked Mr. Kanae.

SECRETARIES: BEHIND THE SCENES

What do reading books, making Christmas ornaments, country western dancing, and taking aerobics have in common? Give up? These are just a few of the very interesting hobbies of our school secretaries. When we think of one of our secretaries we think of people with phones growing out of their ears, fingers glued to a typewriter, and writing passes. Aside from these trecherous duties, they always find time to pull themselves away and spend a few precious hours doing things they enjoy outside of school. Some of the various activities enjoyed by the secretaries are crocheting making Christmas ornaments, reading and redecorating the house, as do Cathy Voltin and Joyce Williams. Others are more daring, and enjoying such activities as aerobics and country western dancing. Eating at good restaurants, camping, and working with Boy Scouts and Quarterback Club are some activities shared by Jean Gawryzewski and Phyllis Layne.

CLEANING UP OUR ACT

As we walked through the cafeteria courtyard this year we saw something very surprising, the pond was clean and the fountain was working. Over the summer the new N.H.S. initiates had to clean the pond out with toothbrushes. After the pond was cleaned it was painted maroon and white, the pump was fixed and water streamed through the air once again. Finally, K.H.S. had a beautiful pond again for everyone to see. The beauty of the pond reflected how the people of K.H.S. cared about their school.

LEARNING FROM EXPERIENCE

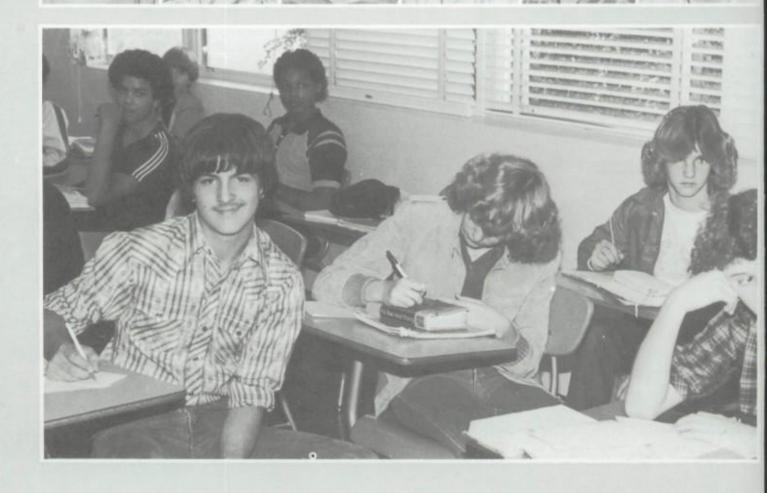

Freshman first looked at high school and thought of how hard it was going to be to find their classes and their lockers. At first they didn't know how to react to situation such as being pushed around by upper classmen, thrown in lockers and being told that they must have a ticket to attend pep rallies. When freshman entered the gym for the first pep rally they didn't know what to expect, but as the pep rally came to an end there was a glow of excitement in each of their faces. They now had experienced real KANGAROO spirit.

PUTT PUTT-FOR THE FUN OF IT

On June 19, 1982 PUTT GOLF & GAMES opened its doors to us and we were all in for a treat! Inside we found a 5,000 square foot game room containing approximately 75 video games, 32 flavors of ice cream, a snack bar and outside there was a 54 hole miniature golf course. Putt Putt was seasonal, meaning that it could be played all year long. Orange & black PUTT PUTT bumper stickers could be seen almost everywhere. There were even bumper sticker contests where by if a car was picked displaying a PUTT PUTT bumper sticker, the owner could win many fun prizes. By now, almost everyone has been to this popular place at one time or another, and chances are it was a very enjoyable experience.

Through their years attending Killeen High, they experienced many ups and downs, various teachers and terrific friendships which the class of '85 will carry with them through the rest of their lives.

TAKING A STEP UP

As we became Juniors, many different things became important to us that we never really cared about in the past, such as getting our first car.

We found ourselves becoming more carefree and independent. This year we were able to decide for ourselves where we wanted to go for lunch. After school there was no haste or rush to get to the bus. We were able to take our time and talk to our friends.

A person's car also symbolized his personality and character. The car itself did not have to be brand new to be enjoyed, it was nice to say it was "my own" and get use of the car at anytime. Just being able to go when you want and where you want is enough.

TOUGH ACT TO FOLLOW

There were many great movies last summer. The two blockbusters were probably Friday the 13th Part 3 in 3-D, and Rocky III.

In Friday the 13th Part 3, the 3-D effect made it a fantasitc movie. It would've been scary enough without it, but with 3-D, the movie became a spine-tingling horror. Two favorite parts of many were the time "Jason" crushed a man's head with his bare hands and when he shot a girl in the eye with something that looked like a small harpoon.

Rocky III was a great movie, from champion to loser to champion again. It made people cry, laugh, and gave them something to cheer about.

Movies in the summers to come are going to have a hard time matching up with these. But one never knows when it comes to Hollywood ingenuity.

BODY WORKS

It seemed that everyone was getting into physical fitness. There were so many different ways of exercising, it was hard to choose just one. Two popular ways were weightlifting and playing racquetball.

It used to be that only men lifted weights, but women were starting to lift weights, too, not only for health but also, for protection. There were many women bodybuilders that could bench press more than the average man. When lifting weights, a person needed their total concentration on what they're doing. Any mishap could be dangerous.

Racquetball had become very popular also. It was a very fast-moving game and could be fun for a person who liked the fast pace and exhilaration. The game looked easy but looks were deceiving.

Exercise was good for a person's body, mind, and spirit. People who get enough exercise tended to be more energetic and could sleep better at night. Exercise was healthy in more ways than one and was included in everyone's daily activities.

Valley Talk Arrives

Valley talk was often heard by high school students after thunfluence of that song by Moon Unit Zappa.

This talk started in the San Fernando Valley of California. It used to exaggerate or express your feelings. Some terms were GEEKY, GRODY TO THE MAX, FER SURE, GAG ME WITH SPOON and LIKE WOW.

This kind of talk became a part of the everyday vocabulary a some students. Many people were driven crazy by this talk, be soon got used to it. It seemed to echo throughout not only the halls of KHS but also everywhere else we went.

JUST A BIT OF NOSTALGIA

High School was a fun and exciting time in our lives, but it seemed as though we had just begun to get involved and feel like a part of the school; and then found that it was time to leave and go our separate ways.

Being a senior was a very confusing and frustrating time. Senior pictures had to be made; college entrance exams had to be taken; and we had to start narrowing down our college choices; but most of all we had to prepare for the outside world. Sometimes the pressure was enough to make any senior a little crazier than usual.

Graduation day was also right around the corner. The friends that we made and the secrets that we shared would soon fade into memories.

As freshmen, graduation day seemed so far away that we really didn't even think about it. As seniors, we found that the reality was quickly closing in on us.

MISS ROO

Homecoming was an exciting time for students, especially for those girls who ran for the highest honor a girl can receive at K.H.S., the title of Miss Roo. Choosing from all the contestants was a difficult task, but eventually the students came through with a winner. The one chosen for this covet title was Marion Emery, who was escorted by Pat Kern. The two runners up were Goldie Hampton, escorted by Marcus Bolden, and Susan Young who was escorted by Steve Jackson. In addition to receiving a crown and a bouquet of flowers, Miss Emery was driven around the field in a maroon 1983 Lincoln Continental.

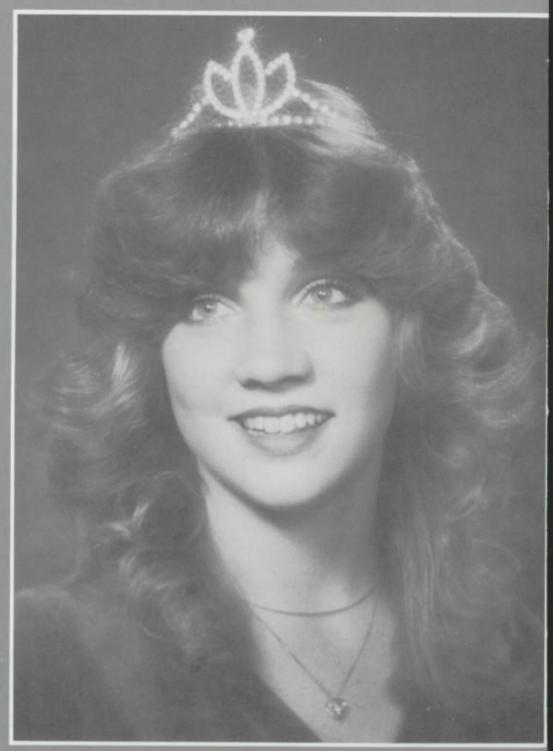

During her senior year, Marion was a member of the Drama Club, National Honor Society, Keywanettes, and Student Council, as well as a Senior Lieutenant for the Varsity Kangarettes. Miss Emery plans to attend Texas A & M University and major in Business Administration.

DRESSED TO KILL

Who could ever forget those crazy weeks that K.H.S. had dress up days? Punk day and Nerd day were two favorites among the students and the teachers. Not knowing what we would run into next made walking down the halls on these days an experience in itself. People had a variety of different colored hair and many strange articles of clothing; sometimes it was even difficult to recognize best of friends. Not only was dressing up fun and exciting, it showed that K.H.S. had the spirit and the pride it took to make a great school.

A SENSE OF PRIDE

The class of '83 contributed much to school spirit during their last year of high school. They continually gave their support and devotion to the mighty Roos. At pep rallies and games alike, they yelled, screamed, and cheered our teams to victory, and helped to instill a sense of pride and love for our school in all our hearts. The seniors also enthusiastically participated in the class competition and won numerous events. Among these were the tricycle race, the wheelbarrow race, and the can drive. And once again the class of '83 sacrificed and went the distance by winning the United Way spirit chain contest, bringing in close to \$600. The seniors kept their faith in our school and will always be remembered.

ORDERS? NOT AGAIN!

Living in a military town has advantages as well as disadvantages. The greatest advantage of being in the military is that we experience many different places and meet many different kinds of people. Often, they become friends for life; ones you may run into again in another town, state, or country. By the time we're seniors in high school, we will know at least part of a foreign language, shared experiences, and have more friends than most people have known in a lifetime. We know that one-third of a military school's population turns over each year. Always in the back of our mind as we get settled down once more, making new friends, and getting adjusted to a new school, is the awareness that orders will come and we will have to pack up and start all over again.

ACADEMICS

Learning is not always easy. It helps, however, if students are given the chance to participate in courses that are interesting to the individual. The student that attends Killeen High School has come with a wide range of interests and it has been hard to offer an allencompassing curriculum. Although this has been a difficult task to accomplish, it is a task that Killeen High School has taken, in order to give the students a wider selection of courses to choose from in futhering their education. With the cooperation of students, faculty and administration, Killeen High School has come to know the true meaning of class.

FOUR CHANCES TO GET AHEAD

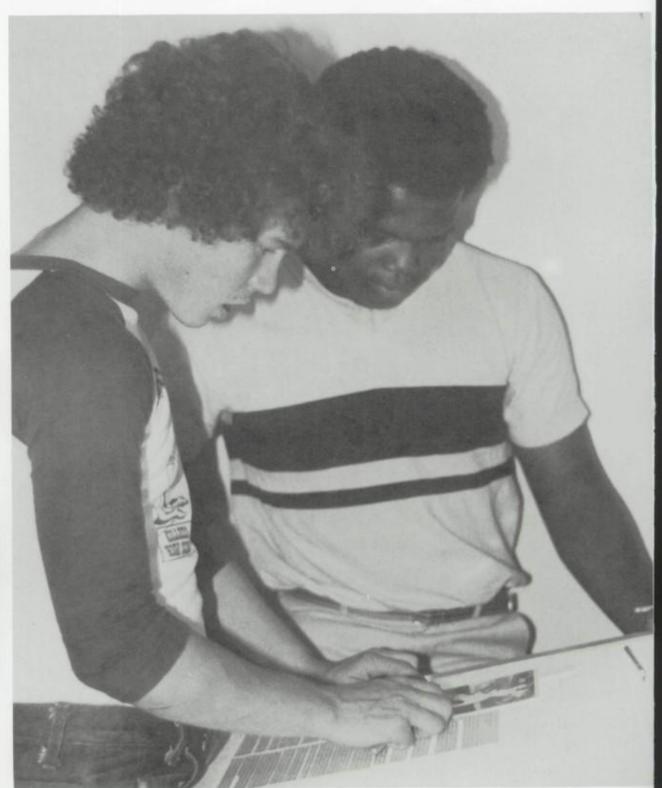

Four Advanced Placement classes were offered at Killeen High School this year: English, American History, Chemsitry, and Biology. These classes were taken by students who were trying to get ahead of the calender in college. An optional test was offered at the end of the year for those students who wanted to receive college credit for participating in these courses.

English offers challenges to JACKIE CRAWFORD during second period.

Typing at the compugraphic machine in the Journalism Department is DEIDRE BOLLMAN.

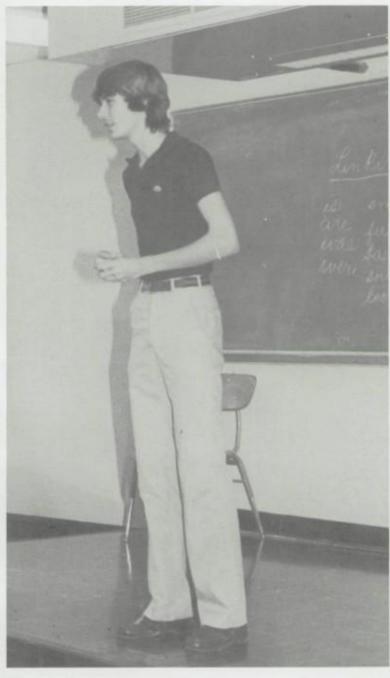

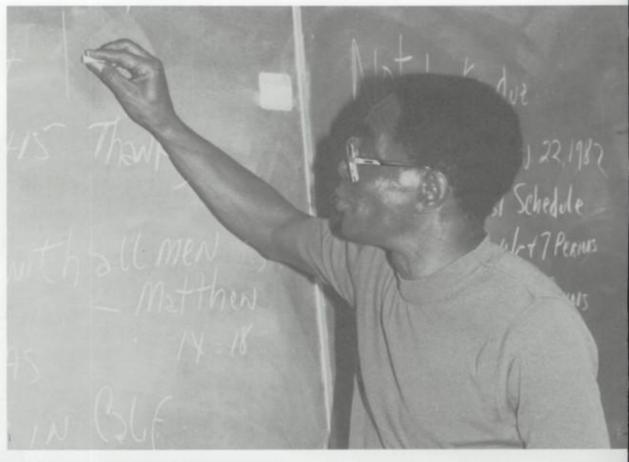

One of the many skills of Journalism is interviewing as demonstrated by REGINA DUBEY.
Giving her much needed advice is MRS. DAVIS.
Dramatic interpretation skills are being refined for contest by LEWIS WOODELL.
As discovered by TRACE TAYLOR and ANTHONY CRAIG, Journalism can be more easily conquered by two.

ADVANCEMENTS IN FUN

The word science is defined as the skill or art of learning by observing, testing, and thinking about natural phenomena in an orderly way. To the students enrolled in the Advanced Chemistry class it means hard work and a little bit of fun. The hard work involves labs before school and college level materials. The fun is basically a formula of great kids, Mrs. Herrmann, and their ability to make Advanced Chemistry fun.

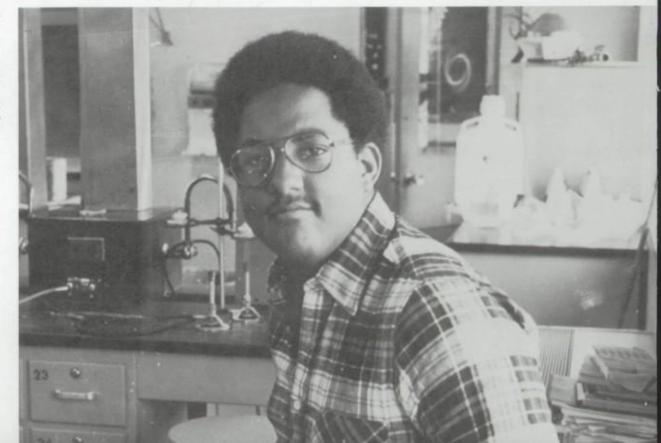

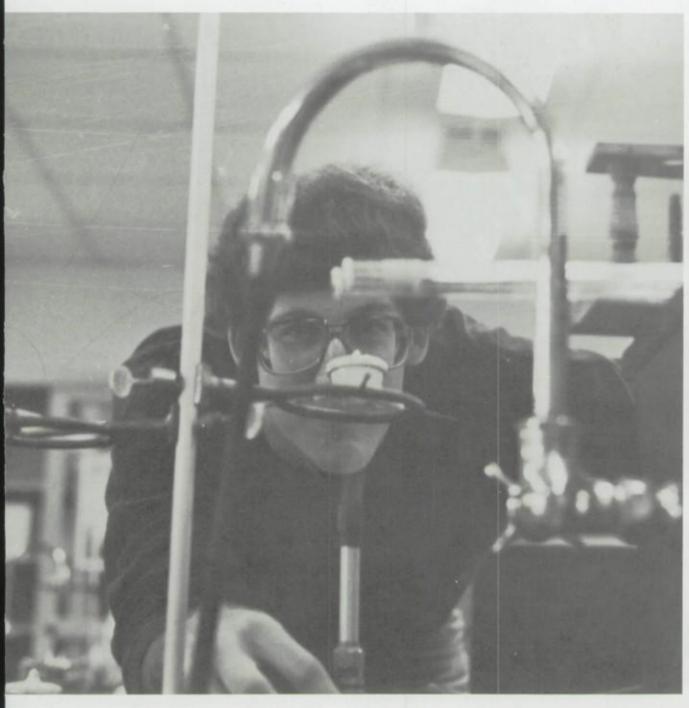

MR. BRADLY demonstrates how easily chalk glides across the chalkboard.

No, that is not a dirty word you see coming out of KELLY CAMPBELL'S mouth.

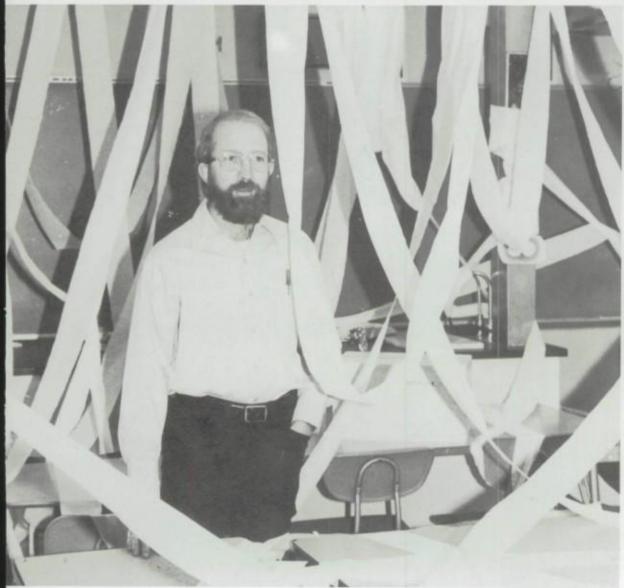

"Advanced Chemistry is a breeze," or so thinks GREG ANDRE.

That "you have got to be joking" look could be seen a lot on the face of LEO FLOOD during Advanced Chemistry class.

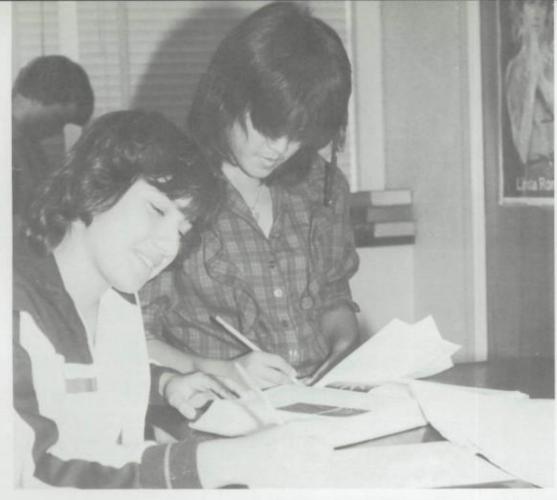

You can not fool us BILL GREENE, we know behind that mad look you're really a nice guy.
On the point of discovery are TRISH RANDOLPH and CINDY

GARCIA.

"All I said was 'free day','' states a bewildered MR. BRAY.

Listening to the lecture in MR. BELL'S third period biology class is JEFF GASPARD.

Something very unusual, student CAROL RAINES smiles as she does a biology worksheet.

MRS. HERMANN, a chemistry teacher, explains a difficult problem to PAUL SUVUNRUNGSI.

The members of the Advanced Biology class are Mrs. Leibl, S. Landsdale, J. Southard, C. Garcia, M. Jones, L. Dover, L. McCoy, G. Fervian, R. Rice, H. Armstrong, Back row; L. Nelson, M. Heins, F. D'aleo, T. Randolph, J. Adams. Adams.

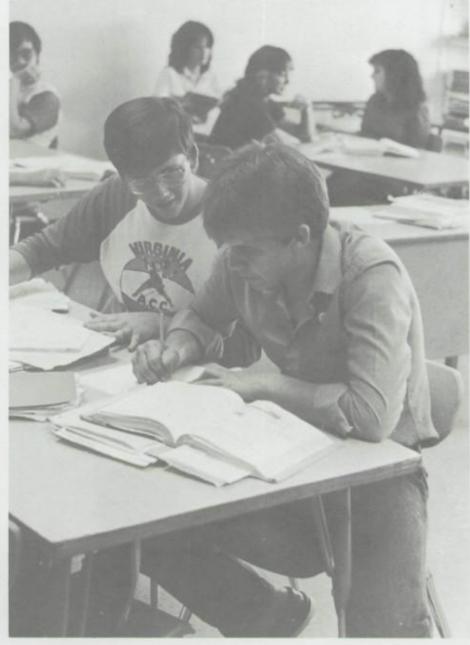

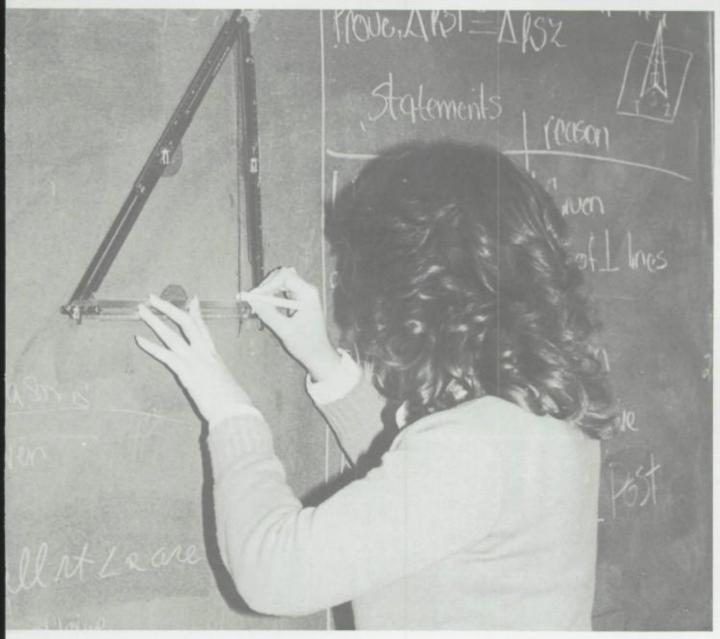

TESTING TO GRADUATE

Graduation has been made more difficult by the KISD School Board. hey recently passed a ruling that freshmen entering high school this ear must pass the Texas Assessment of Basic Skills Test before raduating. This ruling was made so that students receiving diplomas ould read and write.

The TABS Test consists of three parts: math, reading, and writing. he test will be given in February of each year, with all freshmen taking it heir ninth grade year. The following year, a student will take that part of he test which he did not pass. He must, however, pass all three parts efore he will be allowed to graduate.

Double Helping of Hard Work

If you have been wondering lately why your Biology teacher has been reading a World History book or visa versa, you can now put all those strange ideas out of your head. Many teachers to-day are accepting the heavy job of teaching two different subjects. Taking on this double-helping is a lot of hard work and planning but to them it's worth it. Just ask Mr. Neal or Mrs. Ayers.

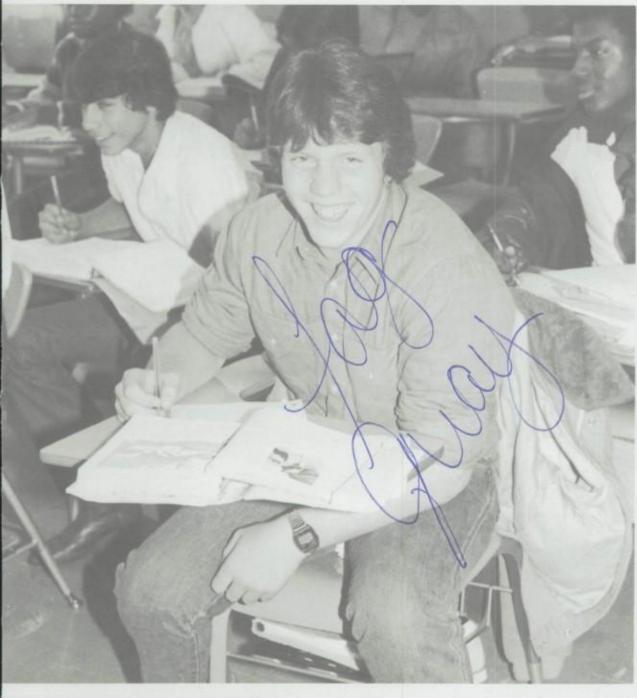

Among the responsibilities of teachers teaching two different subjects is the making-up of seperate class plans, as shown by MR_NFAL

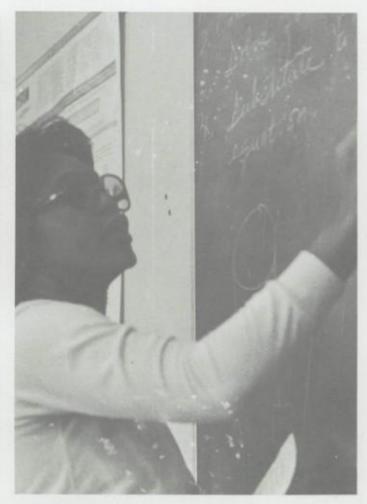

Freshmen, HALEY HAMILTON and CRAIG KNICKEBOCKER discover the finer points of World History.

Student teacher, MRS. PALAMERIA, writes a pass for VERONICA JENNINGS.

In MR. BRADLY'S Physical Science class note taking is required, as shown by ELAINE JOHNSON.

THE BOTTOM LINE

The Killeen High School Foreign Language Department again added Latin to its curriculum. Many students are not interested in Latin because it is not a conversational language, it is a base for many other languages though. Latin is also used in medicine and law,

so students planning a career in either of these fields felt that it was a good idea to take Latin during their high school years. For this reason, students responded positively to the addition of Latin classes. The bottom line is that Latin is a positive step toward higher education.

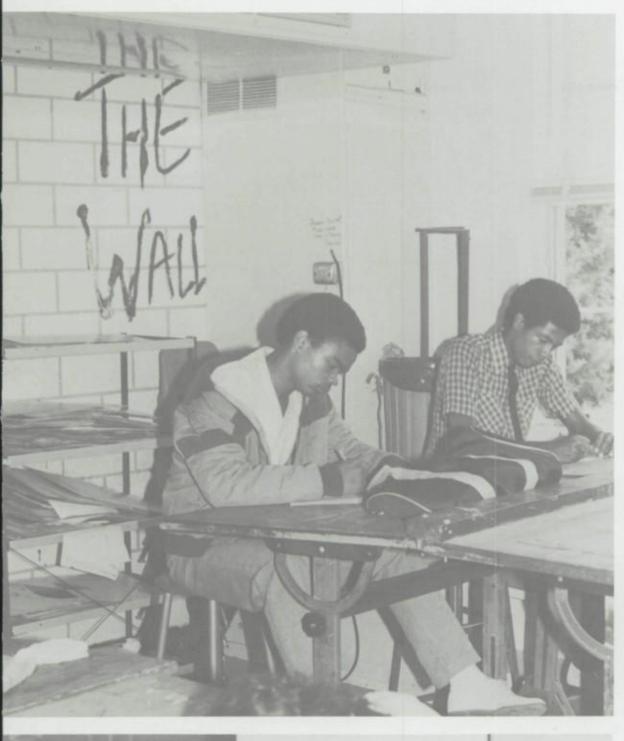

Japanese visiting teacher, MR. KANAE, lectures in English as JANET MALLORY translates into French, for the French class.

Foreign Language is never easy, but French is being conquered by LISA MEIGHAN.

FRAU AYERS helps LAURA NEWTON with her German. Working diligently on their French work are LAURA JACQUES, and GLENN KIRBY.

ARTISTIC EXPRESSIONS

When thinking of art, one naturally thinks of pictures. The Killeen High School Art Department had plenty of those this year. They also had sketches, charcoal drawings and many other types of art. Students enjoyed a variety of classes, each offering different techniques and styles. The talent at Killeen High School is amazing; the Art Department is another way to express it.

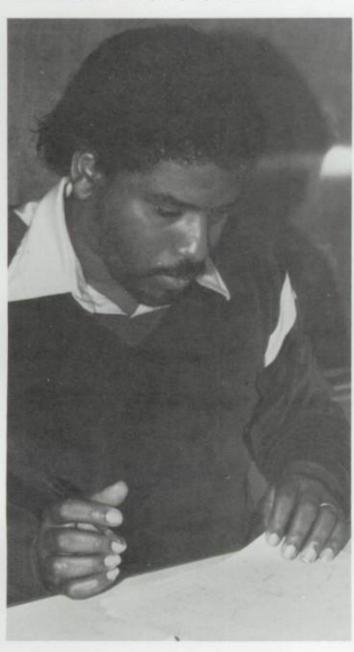

Brothers ARNOLD and DONALD ROBINSON work hard on their lettering in Art class.

"This is how you do it." MR. FRIDDLE shows TERESA TRIP-PETT his technique.

This victim, BRENDA WERTH, does not quite know how to react as MISS SKINNER adds the halloween touch.

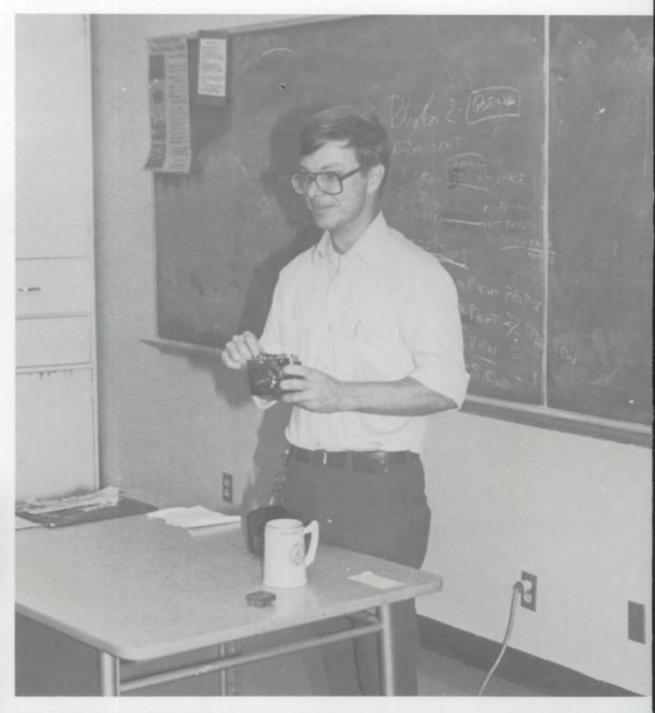

LOOKING AHEAD

Woodworking, metal classes, drafting, photography, do any of these ring a bell? If they do, you must be familiar with the Industrial Art classes here at Killeen High School. These classes helped students to learn trades they could use in their lives after high school. Many students who participated in Industrial Art courses decided to make the trade they learned their lifetime work. Industrial Art classes offered students a way to prepare for the future.

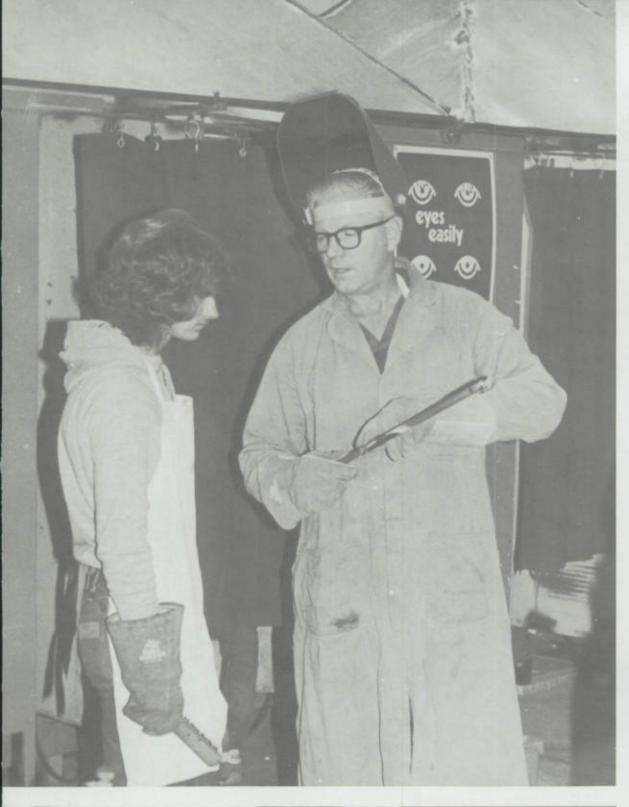

"All right class, what is this?" asks MR. NELSON. Drafting papers can be confusing, as shown here by MR. MOSES.

Working with a hammer and vise DENNY JACKSON bends the handle on a shovel.

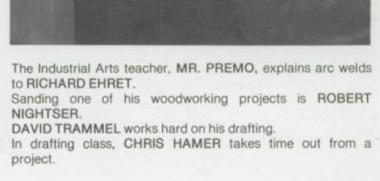

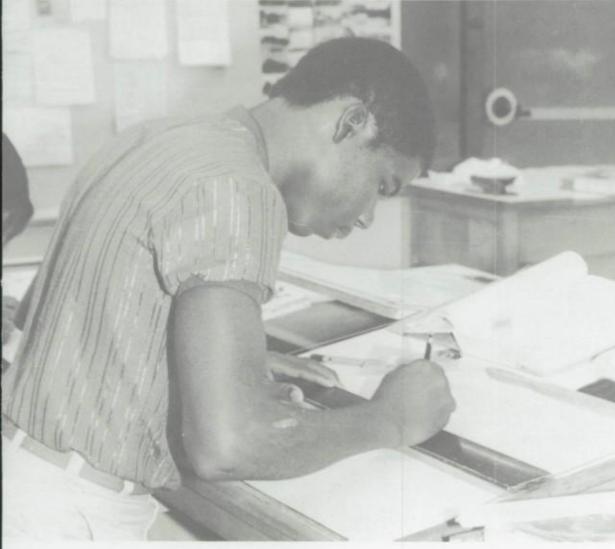

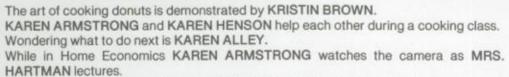

FUTURE IS INSIGHT

Preparation for the future is the main goal for most students in Home Economics and Business classes. These classes consist of students who know, or think they know, what they want to be on the future. Learning how to sew, cook, clean house, and take care of a family are some things that students learn in home ecnomics. Business classes consist of learning shorthand, record keeping, accounting, and typing. Even if some students change their minds, they still have a good background and knowledge about the future.

"TRAINERS? WHO'S THAT?!?"

That's the response you would probably get from most of the students here at Killeen High School. The trainers for such sports as basketball, track, and football have gone unnoticed for many years, and yet they are very vital to our teams. They are always there to cool off the players, to wipe the sweat from their faces, or to work out those awful cramps. Here's a tribute to you, trainers, for being there when times were good, and when times were bad.

SPORTS

Sports are perhaps the most talked about events in the world today, and at Killeen High School too. Athletics are held in even higher esteem by students, faculty and other athletes alike.

Being able to attend the football and basketball games, the tennis matches, the track meets, etc., enables all Kangaroo fans to enjoy a taste of openly participating in some very exciting happenings. Somehow, by watching a sensational sporting event, the most softspoken and shy person is drawn into a type of communion with every other individual who is watching and cheering also for the mighty Roos!

Sports, when performed to the best of ones ability, is a form of art. This year was no different as the Roos and Rooettes set themselves just a cut above the rest with their athletic achievements.

BIGGER AIN'T NECESSARILY BETTER

In the Lone Star State of Texas, the belief that 'Bigger is definitely better' t'aint necessarily so. In Roo Country, our football team was not known for being enormous and striking fear into their opponents by walking by; this year the Roos were known and respected for their speed, their determinaton and their spirit. In few pep rallies and pregame activities have the Roos been so pumped up for their games as they were this year. The Roo's actually charged into the gridiron this year with fiery determination in their eyes for victory. They were slowed down a little when they proceeded into their district games and bowed to the Ellison Eagles, and surprisingly enough, the very next week to the Copperas Cove Bulldogs; much to the disbelief of Roo fans. But those letdowns were just setups for bigger and better things. On November 5, 1982 the Killeen Kangaroos broke a 7 year losing streak to the stateranked Temple Wildcats! On this memorable date, the Fighting Killeen Kangaroos stumped the Wildcats 14-7 and astounded Roo fans in an exciting game! The Roos made the trip up to Temple very worthwhile for their fans, when in the first quarter, behind the rushing attack of Roshon Booker, who incidently was playing with an injured shoulder, charged down the field with his hand and fingers pointing in the 'We're #1' sign. The Wildcats managed to stumble down field, in the last minutes of the second quarter to score a touchdown, after the Roos let their quard down a little, but Killeen returned from the halftime fully rested and ready to play some serious ball. With brilliant, defensive coverage and blocking from our defense, the Roos managed to hold the tied score and frustrate Temple at every turn. As the Roos dominated on every mistake made by the Wildcats, slowly biding their time; suddenly in the last quarter Roshon Booker materialized from nowhere and tacked up what was to be the final touchdown of the game.

This was a year that was destined to be different, Killeen history was made in both disappointing and exhilerating ways. The Roos have turned out a season that can best and only be described as

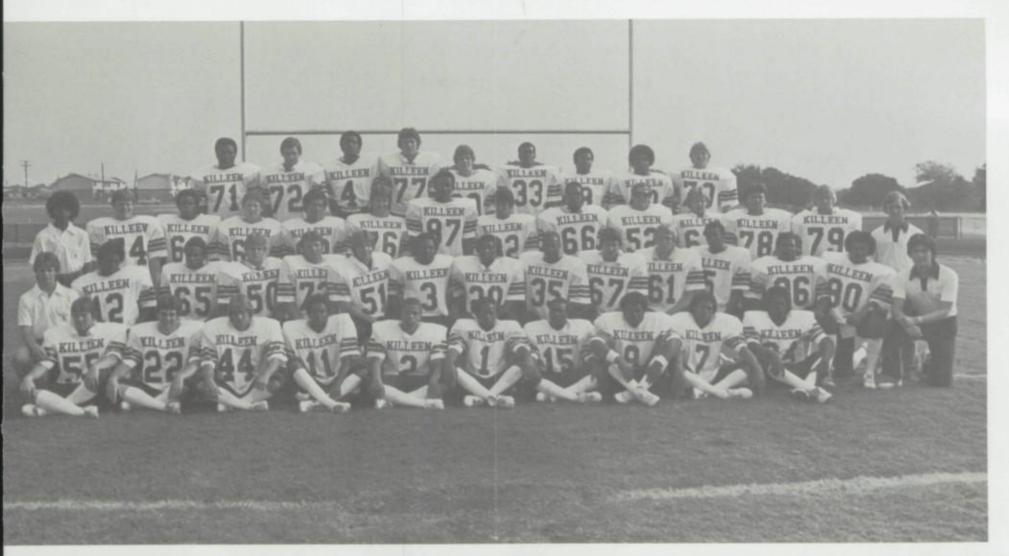

UNBELIEVABLE!

JV FINISHES STRONG

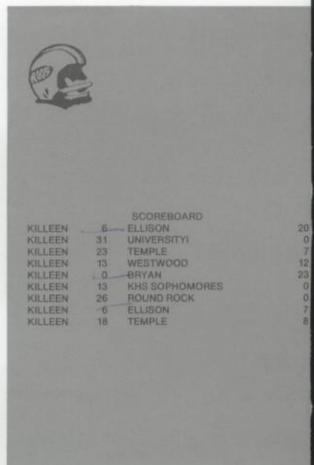

The Killeen High Junior Varsity football team won three out of their last four ball games to finish out a good season. The Junior Roos coasted to a 6-3 season record, including two wins over a tough Temple squad. After a mediocre 3-2 start, the Roos only loss the last half of the season was a heart-breaking 7-6 decision to the Ellison JV squad.

With the varsity Roos losing 31 seniors to graduation, this year's JV squad will play a major role in next year's varsity football team. Congratulations are in order to Coach Nedela, Coach Weirich, and the junior Roos on an outstanding season.

TACKLING A TOUGH SEASON

The Sophomore team stunned many people this year with their gutsy performances on the field. Under the guidance of Bill Baine and Bobby Blair, the Roos to a respectable 4-5 record. Several of the Roos opponents were against Junior Varsity teams. But no matter what the challenge, the Roos always took it in stride and passed with flying colors. The Sophomores defeated their cross town foe, Ellison, twice this season. Roo fans were excited and filled with enthusiasm as they look forward to seeing these very same Sophs next yer when they advance to the Junior and Varsity levels to further represent the mighty Roos.

FROSH ARE FULL OF POTENTIAL

Even though both freshmen teams did struggle throughout the entire season, at times they did show signs of potential that could be developed in the coming years. The Frosh did find the going a little tough as the maroon team finished the season with a 3-6 mark while the white team wound things up with a 1-9 record. These Frosh are vital part of the football program here at K.H.S. because they are the basis of future varsity teams.

WE'VE GOT SO MUCH TO SHOUT ABOUT!

"2 Bits, 4 Bits, 6 Bits a dollar, all for the Kangaroos stand up and hollar!" . . . This old familiar chant was just one of many that the Killeen Cheerleading Corporation screamed at pep rallies and games in an effort to whip the crowds into a frenzy; and they did just that.

The Roo-Rooters, a new organization started this year graced every sporting event, along with their sponsor, Mrs. Pardecooper with a sea of Maroon and White and a deafening roar of school spirit. Rosiland Woods, the varsity cheerleading captain, led a very talented group of cheerleaders on both the varsity and junior varsity squads into every season and project that the cheerleaders undertook; and in the process introduced us, the fans to just a little taste of the "Limelight" at Killeen High. And finally, the beloved-ever present mascot of Killeen, Kanga, sometimes known as Deidre Bollman, who certainly did her part, and a lot more in keeping the spirit alive at K.H.S.

IT'S NOT WHETHER YOU WIN OR LOSE . . .

Somethings are better left alone, put aside and forgotten. When taking into consideration the Varsity Volleyball teams season this year, one just naturally tends to want to forget, and look to the future. The Rooettes definately have a future to look forward to.

Coming into the season with a large amount of inexperience, and a first year coach to boot, things did not look to promising from the start. In preseason matches the Rooettes did very well against their non-district opponents; tacking up victory after victory and in the process surprising a lot of people. Somewhere along the way they lost it. What exactly 'it' is, is a mystery to some, but to volleyball fans, the 'it' was a lack of motivating spirit, close-knit team ties, and frankly the burning desire to win! Early into district play, the Westwood Lady Warriors were the first to knock at the Lady Roo's door, handing them the first of what was to become a series of losses. Some games were very close and action packed, while in others the opposing team made short work of the Rooettes. Though the season passed by slow and tediously, the Rooettes hung on in every match and forced their opponents to work for every game. Here's hoping that the Rooettes will take this season as a learning experience, and come back next year to get back on TOP!

CAN'T WIN FOR LOSING

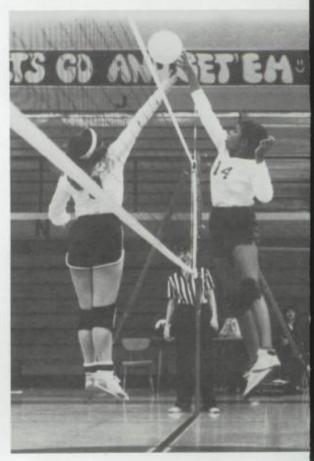

This years' JV Rooettes, started off the '82 season on the right foot. In non-district matches the Rooettes were 7-1, but district play was a totally different story. After a disappointing loss to Ellison, they began to falter. It proved to be a very shakey and mediocre season, as the Rooettes walked away at the end of the season with a 10-10 mark. Aside from this being Coach Patenaude's first year as coach, and the fact of a tough season, overall the girls pulled through, not winning 'em all, but not losing 'em all either.

WIN OR LOSE, THEY'RE PROUD TO BE ROOETTES

The 1982 season was not a very memorable one for the freshmen Rooettes. They worked hard and did their best, but to no avail as the Rooettes finished with only one win. This year was a rough one, not only for the girls, but also for their coach Berryhill as she was in her first year of coaching the freshmen Rooettes.

The bright spot in and otherwise dismal

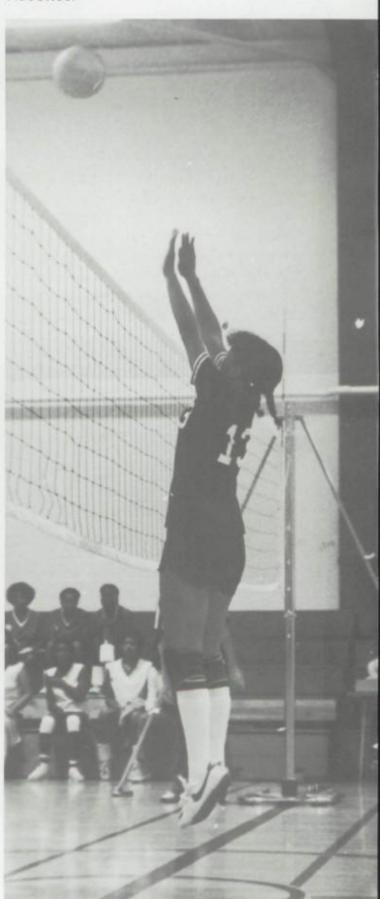

season was when the maroon team took on their crosstown rivals, the Ellison Eaglettes, and came in second place in the Ellison Freshmen Tournament. After losing game after game, the Rooettes never seemed to lose hope. They came through with smiles on their faces, and held their heads up high; showing how proud they were to be Rooettes.

Haven't We Done This Before?

Have you ever experienced something that you would swear actually already happened? There is a French term, **DeJa Vu** which explains this sometimes eerie phenomenon. Coach Howard, and some of the older members of his basketball team are probably experiencing this feeling, as it was just two short years ago that they were indeed going to the playoffs; and incidently, they're making that trip again this year!

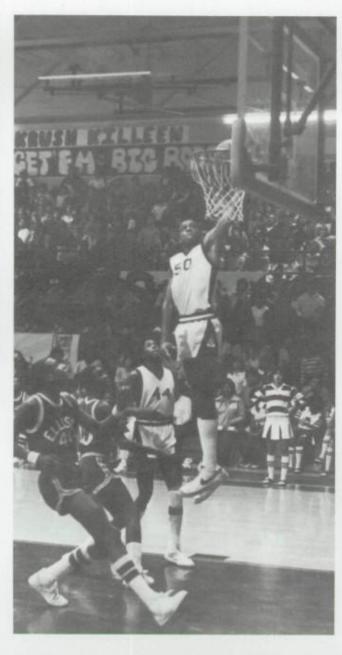

After losing to the Bryan Vikings last year, thus losing the district title, and missing a shot at the playoffs, Coach Howard not only had to swallow that bitter pill, but also had to deal with the fact that his strong scoring machine, Keenan Debose was graduating, and leaving a rather large gap to fill. The question "Is there life after Keenan?" was on the minds of everyone who knows anything at all about basketball. Some almighty force answered this question most effectively with the deliverance of two twin, healthy, bouncing, 6'5" baby boys, who went by the names of Victor and Vince Webb. This dangerous duo, combined with the scoring antics of Marcos Bolden, the leaping ability of Thomas Bethay, the cat-like quickness of James Doctor, and the steady preciseness of Bill Greene, all controlled by newcomer, and cool-headed sophomore, Sedrick Evans, point guard extraordinaire, created an electricity on the court that was devastating. Bringing home a couple of firstplace trophies to adorn their filling trophy case, the Roos settled down to the business of taking care of business. Picking off their opponents one at a time, like an experienced sniper, the mighty Roos found themselves on the short end of the stick again when their own personal 'gremlin', the Bryan Vikings, presented them with the only two losses of what turned out to be a very impressive season. Remembering the frustration, and eager for any type of release, the Roos meticulously, and non-discriminatingly vented their wrath on their unwary opponents mercilessly. Dominating from every aspect of the term basketball, Coach Howards boys demonstrated exactly how the game should be played. Marcus Bolden, who played somewhat in the shadow of Debose last year, certainly came into his own this season as he arose as the teams leading scorer, averaging 23 points a game; and in the process earning the title of second highest scorer in the district. Double-trouble came in the form of the Webb brothers, who absolutely owned the boards along with their older, leaping cohort, Thomas Bethay. Unlike last year, Coach Howard's bench was far from "Pencil-thin". In fact it had incredible depth with such strong players as Ronald Smith, Roshon Booker, Brian Todd, Lyndon Borders and Brian Bolden on stand-by. As the Roos proceed into the playoffs, here's hoping that Lady Luck will smile a bit more favorably in the outcome . . . They say opportunity only knocks once, but then again; they must not of ever seen the ROOS in action!

COACH HOWARD and COACH PARSON might well have been toasting yet another winning season.

THE WILL TO WIN

The Roo J.V. Basketball team established themselves as the top J.V. team to play, with a season record of 21-3 and an undefeated district record of 12-0. One of their only defeats came at the hands of a varsity team in a tournament in which the Roos took 2nd place. Truly this team had to be one of the best teams Coach Parsons had had the honor to coach and that Killeen High School students have had the honor to watch in action. There is no mystique behind what created the consistency of wins on the Roo J.V. team, they merely appeared on the court, practice after practice, game after game with the will to win.

TWO TEAMS OF SKILL

The Freshman Maroon and White teams of '83 were instrumental in maintaining well deserved rankings. The Maroon Basketball team ended the year with a season record of 11-10 and a district record of 4-8. The White team who fared a little better, came through with a higher standing of 12-6 for the entire season and an impressive 9-3 showing for the district season. Compliments must go out to all the players in their learning of basketball, HIGH SCHOOL STYLE.

THE MIGHTY HAVE FALLEN

Ending this years season very discreetly, the Rooettes and Coach Meek have to be wondering where all the hubbub and excitement of being last years district champs, and possible district champion hopefuls again for this year went. Did it leave with the last years players such as Sharon Marion and Veronica Watson? Ironically, it just went across town. Coach Meek found herself faced with the dilema of trying to construct a team of totally new faces this year, as a large amount of this years varsity players were last years junior varsity players. As a result, last years varsity players and the newcomers found themselves at times incompatible on the court.

Starting off the District season with a game against Bryan, the Rooettes were handed their first defeat, as the smaller, quicker, Lady Vikings literally ran the Rooettes to death. But the two major factors that had the biggest say in the outcome of the game had to have been the turnovers and the fouls. In fact, these two things seemed to be the story of their life throughout the season. The Rooettes however; were able to overcome these two ailments as they proceeded into the remaining games of their season. They defeated Cove and Westwood soundly before having a relapse in the Wildcat gymnasium. Recovery came slow as the Rooettes lost the next two games to Ellison and Bryan; but managed to ease in two final victories over Round Rock and Copperas Cove before bowing out the last three games of the season. But they did go out fighting! The Rooettes managed to throw some fear into the Temple Wildcats and the Ellison Eaglettes in two very exciting and action-packed games. The Rooettes strutted their stuff in both contests and proved to all their fans that they had both the ability and the capability to play ball. So here's looking forward to next year when the Rooettes will return in STYLE.

CASHING IN ON THE WINS

Having a very satisfactory season this year, the J.V. Rooettes not only ended the season in style, but also produced a long string of good prospects for next year's Varsity team. Although size wasn't a strong point on the team this year, the slack was taken up by the speed and determination of the players. The amazing compatability among the players, which usually comes with older, more experienced teams, proved to be an invaluable asset in frustrating their opponents, and racking up on the victories, Under the guidance of Coach Coleman, the female jay-vees will prove to be a very profitable investment for the future.

VANESSA MORRISON, all by her lonesome decides to shoot the ball.

JUST WAIT TILL NEXT YEAR!

Making the transition from middle school ball, to high school ball is always a big step. The Freshman girls found themselves, as others have in the past, having to relearn the fundamentals and the basics, and this in itself proved to be a very frustrating experience. Newcomers, Coach Koleber and Coach Patenaude found themselves saddled with that responsibility.

Though the season turned out far from noteworthy in the record books, the youngest Rooettes have gained, if nothing else, a very necessary and rough, but experience-fortified year to fall back on, and to carry with them, as they proceed up the ladder of Killeen High sports.

It's all in the wrist as shown by RENETTA BRIGHT, as she lays up the ball.

GOING FOR THE GOLD

In keeping with tradition at Killeen High School, the Mens Track Team have repeatedly made their marks in track history. This year was no different, as the Roos did surprisingly well in many events. Although the teams seemed a little sparse with such big names as Quinones, Kidd, and Graham gone, returning contenders such as Thomas Bethay, Terry Davis, and Dennis Marion in running events, and Scott Lansdale and Ronald Smith in the field events readily stepped in and took up the slack. New faces and not so familiar faces came up and made their debut by taking up a large part of the load. The stigma of running in ROO COUNTRY brought out the best in everyone as the Roos, as always, went only for the GOLD!

Two is definitely company when running track, as demonstrated by JOSE SERRANO.

NEVER COMES EASY

FEET DON'T FAIL ME NOW!

Although the girls' track teams at Killeen High haven't been world reknowned, or even state reknowned for that matter, by exhibiting blinding speed, or incredible feats of strength and stamina, they have been in the thick of things over the years. By running with the 'best of them', the Rooettes have come to earn the respect of their opponents for their doggedness when it came to "Getting out and doing the job." This years track team, flush with new faces, and very promising prospects set about themselves early to complete this task. Whether in field or running events, the Lady Roos kept the faith, and brought pride home as always to K.H.S.

IT'S PAR FOR THE COURSE

With only a few members returning from last year's team, the K.H.S. golf squad held high hopes for bettering their performance. Killeen Muncipal Golf Course became home for the dedicated golfers as many hours of practice became an everyday event.

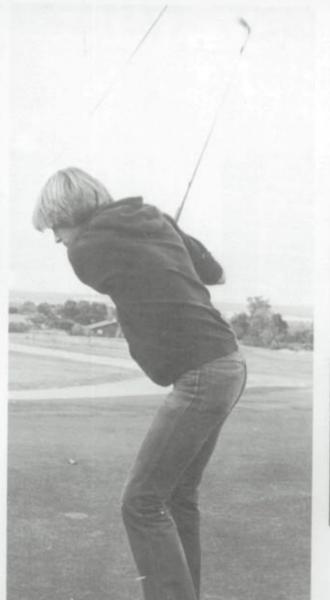

One sad event for the team was Coach Rippey's death on December 18, 1982. His coaching duties were taken over by Coach Ed Glasscock. Though saddened by this event the team looked to the future and pulled together their efforts to make it par for the course.

TREADING A TRAIL TO STATE

One of the main questions that was asked of the members on the water polo team was what exactly is water polo. The description given by the team members varied from "It is like soccer", "Sort of like hockey", and a multiple assortment of other answers. But the true meaning of water polo is that it is a sport that requires a lot of personal endurance, physical strength; team cooperation, and extra practicing so that the entire team will play as one and not like seven individuals.

This year the boys and girls teams overcame the stresses involved to take them all the way to state. Both teams consisting of both Ellison and Killeen High School swimmers placed 8th in the state. The girls after winning their region 12-6 against Richardson had four members made all-section, they are captain, Vickie McDonough, Sylvie McDonough, and Lisa Gordon. Lisa Gordon also made all-state honors for the 1982 year.

LISA GORDON, who received all-state honors displays the artistry of playing water polo.

The intensity and determinaton is shown on SYLVIE MCDONOUGH'S face as she tries not to let the ball go by. Rapidly MICHELLE POLSON swims the ball down pool, as she tries to keep the other team from stealing it. KENNY JONES keeps the statistics while his counter-part DARREN DORSEY watches the time. "You're not gonna get this ball from me," thinks SYLVIE MCDONOUGH.

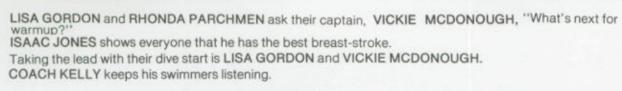

A STROKE OF LUCK

Roo Swimmers proved to everyone that they were not only good at swimming, but also that they were very dedicated. Unlike other sportsmen, swimmers stay in competition year round. The Roos athletic abilities were proven at swim meets such as the Academy-Quadrangle meet where they tied for first along with Ellison swimmers with 53 points, thus beating Copperas Cove and San Marcos. They came in close second against Westlake and Ellison; and fifth in the San Marcos Invitational. Here's hoping that next years team will be even better than this years was.

ROUGH AND TUMBLE

Expecting to soar to new heights with six returning lettermen, and a new Baseball Booster Club to boot, the 1983 Roos entered the season with dedication and determination. Joining with much improved players of the J.V. team, the odds seemed to be leaning in their favor throughout the season. Coaches and players alike looked back to remember a season full of pleasant surprises.

Young Volleys Have A Bright Future

The K.H.S. Boys Tennis Team contained many young athletes who were winners, and destined to be winners in the near future. The Boys Tennis Team was led by number one ranked, Caesar Collazo for the past three years. Collazo, who has been the only second four year letterman for the Boys Varsity Tennis Team is followed by Alan Cabiad who is ranked second, and has served as a

three year letterman on the team. Rankings of the players, however, were rotated weekly, according to the tennis matches played between teammates. Therefore, everyone had a weekly match determining their rank on the team. The K.H.S. Boys Tennis Team has worked hard, and is sure to serve well in the future.

Willing to learn more about tennis, DARREN DORSEY listens to COACH LINDEN.

Changes Serve The Team

Many changes were made on the K.H.S. Girls Tennis Team by the new coach. After coaching in Houston, Texas, Ms. Linden took over the position as new K.H.S. tennis coach. She required difficult training and drills, which were done in many long practices. Another change made was for the first Tennis Boosters Club was organized. The club raised money, and supplied the team with whatever was needed. History was made again, when Susan Young became the first four year letterman on the Varsity Girls Tennis Team. She worked hard to become ranked number one on the team with Wendy Elsey following closely behind. Susan and Wendy played outstanding doubles, as they were undefeated in district play in the fall. There will be more history and pleasant changes made in the years to come on the Girls Tennis Team.

TWO GO TO STATE

Our cross country team this year was a pleasant surprise. Many people wrote the Roos off this year because of the loss of its star long-distance runner, Carlos Quinones, to graduation. However, the Roos proved many wrong as they finished second in district and fifth in the Regional meet, which were the highest finishes ever for a Killeen High cross country team.

The two bright spots among a very talented team were Paul Spencer and Ber-

nadette King. Spencer placed tenth in the Regional meet and fifty-seventh in State while King took sixth in Regional and ran to a thirty-fifth place finish in the State meet. "A thirty-fifth place finish for a sophomore at the state meet is exceptionally well," said her coach, Charlie Estill. The Roos have a lot to look forward to next year because Spencer and King are returning, along with a host of other talented runners.

FOOD AND FUN

What do hamburgers, hotdogs, and flag football have in common? All of these are possibilities for lunch at K.H.S. While some students choose to eat during lunch, others choose to participate in intramural sports. The first sport to be offered this year was flag football. Fourth lunch winners were the K-Town Cowboys, while the fifth lunch winners were White Magic. These two teams then played each other after school and the winner was the K-Town Cowboys. This team then went on to play the E.H.S. winners for the city championship.

UNIDENTIFIED FLYING OBJECTS

Many students at K.H.S. have been talking about what they believe to be UFO's flying through the auditorium lobby during lunch. Fear not, K.H.S. is not being invaded by Martians. What was though to be U.F.O.'S was actually flying ping-pong balls coming from those students playing table tennis during lunch.

When it comes to table tennis, K.H.S. has a hidden talent. The people who play are really good at it; and it would be a challenge for most of us to try to beat them. So, the next time you are strolling through the auditorium lobby during lunch and something hits you on the head, do not run away screaming "martians have landed," but instead set back and enjoy an action filled game of table tennis.

K.H.S. STUDENTS FIND THE ANSWER TO THE DOLDRUMS

Are you a bright student that can handle tough situations well? Do you find yourself doing such things as roaming around the campus at lunch because you are bored? If you answered yes to either of these questions, Chess and Checkers could be the answer. Many of our students have added new life to their monotonous lunches by participating in these games. By engaging in this sports, which were offered in October, November, and December, you too may have found the answer to adding a little excitement to your tedious life.

NOONTIME DELIGHT

Intramural sports have been growing more and more since they began, and basketball has helped to aid in this continual growth.

Many people give up their lunch to sweat it out in the gym during lunch playing a game they enjoy. Many of these students were too busy with school, work, or other activities to participate in athletic activities at school. Intramurals really helped those people get involved and participate in something they enjoyed, especially basketball.

ORGANIZATIONS

High school is not always just a "class act." There are other activities outside of the classroom that students often find themselves involved in. Through these extracurricular activities came the birth of clubs and organizations. High school clubs help to bind people together, create a friendliness sometimes not achieved in classes, and imprint memories never to be forgotten. Clubs create a true bondage of spirit and eagerness among students. Through these clubs students also gain the respect of the community and the satisfaction of a job well done. Clubs add that something extra.

The Making of a Classic

Classic (Klas-ik) adj. 1. Of highest rank or class. 2. Of lasting historical or literary significance. 3. Having lasting significance or recognized worth.

The above mentioned definitions aptly describe the memories captured between the pages of the 1982-83 Kangaroo. Memories are synomomous with yearbooks and this year, the Annual Staff kept this in mind when they presented the school with the most memorable gift of all—a year-book. "A Touch of Class" was the theme for the year and under the guidance and love of their sponsor, Mrs Paula Brock, the leadership and dedication of their Editor, Isaac Jones and the skill of the photographers, the staff produced a true classic; a precious volume of magic moments, familar faces and meaningful memorabilia of the 1982-83 school year; a volume that's value will only become evident in the years to come. Classic was the year, the people, the school; all worthy of the special remembrance presented by the staff.

ROO REVIEW—PROUDLY IMFORMING K.H.S.

The Roo Review was an important part of student life at Killeen High School. It was very informative by covering news from all over: the nation, the state, the city, the district, the school, and even the local video arcades. The staff made sure that we were all informed by covering every possible aspect of Killeen High School, serious and humorous.

The Roo Review was put together by a very intricate process and important staff. Pictures were requested and taken, stories were assigned, beats were followed, copy was edited, typed, and layed up and given one more final proof. Before the paper came back from the press, the whole process began again.

This year Mrs. Helen Dennis, sponsor of the paper, returned after a nine year leave from the job. All her help and guidance was greatly appreciated.

A Picture is Worth a Thousand Words

It is said that "a picture is worth a thousand words." Nothing can attest more to this saying than the production of a yearbook. Imagine a yearbook devoid of photos; a yearbook is nothing without pictures. They are the essence of its very being. Imagine a yearbook staff devoid of photographers; a thought that is seldom pondered for without doubt, the photographers are grossly taken advantage of. Throughout the year, they sacrifice their time and effort both inside and outside of school. That man or woman behind the lens can also be found behind the doors of the darkroom long after the school has been deserted. They, all being separate and very individual entities are truly the binding of the yearbook. Space is taken here to give credit and thanks long overdue to the talent, the effort, the people that played such a major role in the production of the yearbook.

They've Got the Music in Them

The Killeen High School Varsity Marching Band did more than just walk across the football field and play a couple of popular songs. They proudly provided unsurpassed productions of musical excellence, marching precision, and faithfully represented Killeen High School with pride and spirit.

With the hard work and leadership expertise of director Robert Quintanilla, this group of energetic students started out in August to make OUR band the best. Even though the odds were against them at the Austin Crocket game, where they did not get to perform their first show, they continued to meet and practice everyday during fourth period, sometimes even sacraficing their lunch, and meet every Tuesday night during September and October, which proved how hard they strove for excellence.

All of this dedication and drive led them on to the West Lake Marching Festival in

Austin to meet some of the best bands in the state, where our band received a Division II rating. Learning from this experience, they went on to Temple for District 14 5-A U.I.L. Competition. There they earned a Division I rating.

Concert season brought along just as many triumphs, including two excellent ratings in Concert and Sight Reading by both the Wind Ensemble and Symphonic Bands.

Besides the ability to play well, there was also the side of the band that wanted to have fun performing in an invitational marching show, April 28-30th. In order to get to this show, the students worked on various fund raising projects such as: sponsoring Free carwashes, selling fruit, pizza and various other items. The K.H.S. Varsity Band with all of its dedication and hard work will always be known as the Pride of Roo Country!

MOVING ON UP

Like the Varsity Band, the Junior Varsity Band started their year with the summer band practices. The members started off on a shakey foot, when learning to march, but the musicians came through, with the help of the new band director Mr. Joel Burkheart. When it was time for contest, Giovanni Simmons, who did a remarkable job as the Junior Varsity Drum Major, claimed the band did a great job this year and he was proud of his band.

184—KANGARETTES

KANGARETTES STRUT THEIR STUFF

Once again the Kangarettes have lived up to their usual high standards of performance. When the bell rings to release school, you won't find the Kangarettes rushing home. They practice until 4:30 and even 5:30, and extra night practices are not uncommon. While most students are enjoying summer vacation in July, the Kangarettes' work have already begun. One of the most important steps in summer training is drill team camp. For one week they work six hours a day on poise, stretch routines, and many, many dances taught by out of town instructors. This year the Kangarettes particularly impressed the instructors and were nominated for the All-American Drill Team. The captain, Kim Willis, was selected to be one of the members. All the practice paid off when the Kangarettes did an outstanding job at contest.

Members of the Varsity Kangarettes are S. Johnson, C. Rupprecht, K. Pentz, J. Gotcher, M. Dillman, M. Golaboff, M. Smith, A. Siegman, S. Bay, L. dover, S. Douglas, C. Fitzsimmons, K. Joseph, C. DILIGENT LEADERS AND SPARKLING TOUCHES

Contributing factors in the Kangaroo Band's successful year, were the hard-working drum majors. Their extra work and time put forth helped much throughout the year. Of course, we could'nt forget those "sparkling touches" the twirlers added either. Along with the halftime shows, the varsity twirlers also attended their own U.I.L. competition, and they did a great job performing to "Pictures at an Exhibition." Without these two groups of important people, the band couldn't have come close to the success they had this past year.

Varsity Drum Majors for 1982-83 were ANDY GARZA, RICK GALLOWAY, and MARY GARBOR.

Varsity Twirlers for 1982-83 were KELLIE BLAIR and LANDRE HOWARD.

A SPLASH OF COLOR

New Silks, new flags, and new instuctors joined the Kangaroo's Marching Band this past year. The Silk Line underwent major changes once again. One of the biggest changes was the addition of the Rifle Line. With this addition, and the already established Silks, a true colorguard was formed. To direct this new colorguard, two teachers were added to the staff, Miss Alison Chandler and Mr. Jerry Conry. The two instructors wasted no time in whipping the line into shape. There were obvious improvements made with the performances these ladies gave through the seasons. So all of the hard work has certainly turned out to be rewarding for them, as well as the school they represent.

The Silks for 1982-83 are Denise Craige, Franci Dennis, Sheila Eckrich, Yolanda Ferguson, Karen Fowler, Sheri Gibson, Cindy Gutierrez, Victoria Houston, Rhoda James, Linda Kencke, Carolyn Knight, Lisa Lapos, Angie meno, Lisa Pauciello, Glorianna Peterson, Susan Philips, Melissa Quezada, Adaine Rice, Della Rice, Roanne Rice, Jeanette Sparks, Lorraine Valenzuela, Cindy Vasquez, and Christine Yacovelli.

Officers for these Silks are Jeanette Sparks (Rifle Captain), Lisa Puciello and Glorianna Peterson (Silk Captains), Franci Dennis and Christine Yacovelli (Silk Sr. Lieutenants), and Adaine Rice (Silk Jr. Kieutenant).

LINDA KENKE prepares for the Silk's famous flag exchange during the Ellison Pep Rally. There is a lot of pride showing on GLORIANNA PETERSON'S face, as she executes a rifle movement in her routine.

Busy preparing to go out on the field and march for the half-time show is ADAINE RICE.

CHOIR'S ON THE ROAD AGAIN

All choirs were busy again this year with their many concerts and trips. The Killeen High School Chorale combined with the Ellison High School Chorale, the Central Texas Master Singers, and the Texas Little Symphony to present the Christmas portion of the Messiah. All the choirs also gave a Christmas concert to the student body and the Madrigals gave many performances around the community of Killeen and Killeen High School.

The Killeen Choir Department kept up its fine reputation by placing two members and one alternate in the All-State Choir, and winning several awards from the University Interscholastic League.

This year the Chorale and Madrigals traveled to Nashville, Tennessee where they performed at Opryland during the American Music Festival.

LIVING IN HIGH SOCIETY . . .

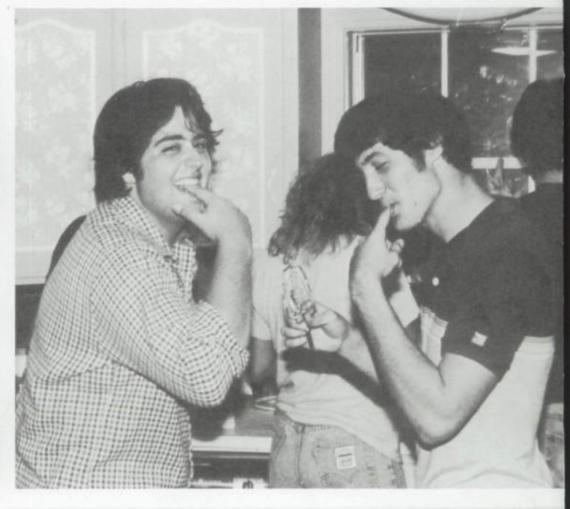

The National Honor Society has always had a large membership and therefore a lot of participation in service projects. This year proved to be no diffferent. Being one of the larger clubs in school, NHS set out to set some new precedents for the years to come. The members tried their hands at many new projects this year; projects such as sponsoring a series of prep courses for students taking the SAT. NHS members also took part in several school oriented fund raising events such as the Sexy Legs Contest to raise money for the Junior/Senior prom, and the Miss Macho Roo Pegeant. On their own, the

members sponsored a Pie in the Face Contest for the teacher of the student body's choice, and they helped the Basketball Booster Club out by working the concession stand during Varsity and Junior Varsity games. NHS also sponsored the traditional Caroling for Care and the Teacher Appreciation Breakfast. This year, the members elected Ms. Maggaie McNutt as Teacher of the Year and she was honored at that breakfast.

A first for NHS this year was the informal fall initiation inducting students that were eligible for membership but failed to apply. The club now accepts students by a grad reviewing process as well as an application process therefore insuring the membersh of all those eligible.

The National Honor Society has indeed proved to be a special group of student willing to excel. They respect their teacher and themselves enough to do their very be academically and they take enough prides their school and community to use the knowledge to better the conditions around them.

BRIGHT-EYED AND SUPER SMART

The above statement is common chorus to the ears of all of those that have had Ms. Maggie McNutt for a teacher. It was usually a sure bet that an "exercise" was to proceed that often quoted string of words. Another common expression associated with Ms. McNutt was Basic Civ.—this is Basic Civilization; a rather elaborate term for McNutt's Revenge. Pity the poor soul standing outside of a classroom on wing 100, for he probably provoked the wrath of Maggie and roughing it outside while listening to the assignment through an open window.

However unorthodox her methods may have seemed to some, Ms. McNutt possessed the one quality that proved to be most important in all teachers—the ability to relate knowledge to a willing student. She also possessed that added extra—the ability to make a student willing.

REACHING FOR THAT BRASS RING

In its second year of existence, the National Junior Society still found its membership rather sparse. But then quantity doesn't necessarily mean quality and such was the case here. Each of the members exhibited the qualities of Leadership, Scholarship, Service and Character; qualities used as criteria in their sister society, National Honor Society.

The National Junior Honor Society recognized Freshmen and Sophomores with a 90 average or above in academic courses of study, and it gave these students a chance to expand their knowledge, serve their school and aid their community. NJHS members are top grade students who show their abilities and potential early in their high school years. Under the guidance of Mrs. Seigman, these students will continue to prosper and cultivate the qualities that will soon see them through a lifetime.

"REFLECTIONS" IS RESURRECTED

The Quill and Scroll journalism honor society celebrated it's second year at K.H.S. this past year. This club was open to all students having completed two years of journalism, and having an acceptable grade average. The most memorable achievement made by the club members, was the resurrection of "Reflections", the literary booklet put out by the Quill and Scroll staff. This book contained poetry, short stories, prose, and artwork, all contributed by students and faculty of K.H.S. "Reflections" showed the journalistic and artistic abilities of not only it's editors and staff workers but also of the average student whose talent might have before gone unnoticed.

Reflecting on the new publication project is ISAAC JONES, SUSAN STREETER, and REGINA DUBEY. The key to journalism, as ROBERT GAULT explains to LISA MADDRY, is that the truth comes first. LEADERSHIP IS THE **KEY**

This year the Key Club, sponsored by the Killeen Kiwanis Club, set forth a new image and different actions for their club. They strove to do all they could to make their school better, to build school spirit, to improve their community, and rank among the best in their district. The Key Club worked for one week straight, day and night, building the Killeen High School Bonfire. They sold caps, candy, and participated in many other projects.

The Key Club gave an excellent opportunity for young men to work along side each other and get involved. They did a great job and made us all very proud.

KEYWANETTES GO FOR THE GOLD

Keywanettes really strove to be number one this year. They put alot of time, work and effort into every project. The Keywanettes are a unique group of girls working together to serve the community and school. Under the direction of Mrs. Barbara Weiss, they started school off by working at registration painting cars, holding bake sales, decorating the gym, and running the junior varsity concession stands. At the same time, Keywanettes attended the nursing home, battered wives shelter, and teen shelter monthly.

The girls worked really hard in collecting points for the hours they worked and projects they sponsored. They built up spirit at Killeen High by actively participating in and sponsoring the Football Breakfast, the Sexy Legs Contest, and the Christmas Tree Decorating Party.

All in all, Keywanettes had a truly golden year. Go for the gold Keywanettes!

STUDENT LEADERS UNITE

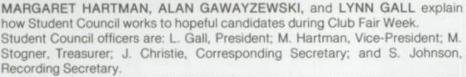

The Student Council began a new century of leadership this year with a revived spirit and new ideas. The year started off big with a spirit rally, sponsored by the Student Council and conducted by Mark Sharenbroich. Participating in the rally were nine hundred student leaders from twenty-three different schools.

The Student Council was kept busy most of the year, from Homecoming, in which they held the Homecoming Dance and Spirit Week, to the newest activities. This included the class competitions held during pep rallies. They also held the annual spirit chain contest for the United Way and the can drive for needy families. The Student Council began a great century, and set goals for the new generation of leaders.

AN ESCAPE FROM REALITY

Realism did not exist within the confines of the drama department this past year. The year began with a bang—the success of "God's Favorite" proved to be encouraging for the young, talented group, but they were unable to live in glory for long. Many drastic changes were made after the fall show, the biggest was the arrival of a new teacher. Mr. David Ainsworth a man high expectations, replaced the previous drama teacher Mrs. Laurel Roller. The professional attitude of the department made it possible for Killeen High School to have an extremely prosperous year, despite the changes and let downs these young adults went through.

The members of the Thespian Society are M. Madison, C. Bryan, T. Berrong, C. Layne, A. Garza, F. Dennis, (middle row) H. Clutz, S. Highfill, R. Morin, R. Rice, (top row) M. Defevers, C. Yacovelli, M. Garcia, B. Gosset, L. Roller, L. Curry, M. Bryant, K. Crozier, and K. Albright.

In fact, it happened to be the highest grossing show in the past four years of drama productions at K.H.S. The play's success has added a new sparkle to the drama department.

Under the guidence of a new coach, Lois Davis, the Forensic team did continue to strive for glory. There was a lot more interest coming from the younger classes this past year, and with Coach Davis' help the old members, and the new members, continued their journeys from tournament to tournament. Although the club was successful as a whole, there were a couple of extraordinary high achievers and they were George Graf, poetry; and Eric Cyrs, prose and poetry.

JROTC-IT'S A GREAT PLACE TO BE

Thumb through many a magazine and you are likely to find several ads for the Army exemplifying the pride, determination, self-discipline, and accomplishment found in the American soldier. Here at Killeen High School, we need not look any further than the classroom to see those characteristics. They can be seen in the faces of our own JROTC members. Every day, they take part not only in regular studies, but in diligent training as well; training needed to instill the knowledge, the values, and the skill necessary to make them the protectors of our future.

Led by 2nd LT. JACK McPHERESON, the newly initiated recruits HOWARD STINEHOUR, BOB McNALLY, GRAY GARDNER, and DAVID HOWE recite the standard chorus of "I am a rock."

DISCOVERING HORIZONS

The Science Club consisted of a small corp of outstanding students that shared a common interest in the various fields of science.

Wednesday mornings the club met and discussed its plans for what type of experiment or field trip they would like to participate in that particular month.

Mrs. Lawler and Mrs. Leibl helped the energetic students expand their knowledge by taking them on many field trips, including one to U. T. at Austin.

The Science club is the one of many the clubs at K.H.S. that stays mostly in the background, but is steadily growing and may one day evolve into something "totally tubular"!

The members of the Science Club are M. Lawler (sponsor), R. Ferguson, S. Golaboff, B. Roberts, J. Wilmeth, C. Leibl. (sponsor), E. Fletcher, J. Lund, B. Miller, and B. Corley. Studying the finer points of Science are PABLO ALEJANDRO, SKIP WHITE, and VICTOR DOCTOR.

Something New

The Newcomers Club was organized this year to help new students get involved in the various activities and organizations, and aquaint them with our school policies. Older students at K.H.S. helped the newcomers by trying to make them feel at ease with their new surroundings. Being one of the newest organizations at Killeen High this year, the Newcomers Club got a good start. Over thirty new and old students came to the organizational meeting with many more joining later on in the year.

Membership to the Newcomers Club is not limited to just newcomers as old students greet the new.

The 1982-83 Newcomers Club officers are Regina Dubey, Tracy Taylor, Ruth Tomlin (sponsor), Tammy Robinson, Christi Cano, and, Terri Taylor.

WE'RE RAISING THE SCORE

Mu Alpha Theta, a mathematical honor society, was in its second year of full swing at K.H.S. The club worked on improving the Texas Math League exam scores and tutoring other students. Mu Alpha Theta was sponsored by Mrs. McNutt and Mrs. Schubert. The only requirement for membership in the organization was two years of a higher math and at least an 85 average or above in those courses.

Explaining the right triangle to MIKE BONDURANT is MIKE SEILING.

Creative Contributions

This year was a big year for the Art Club. They got a new sponsor, Mrs. Kathryn Bodée (pronounced boDay). Mrs. Bodée last taught as an art instructor at a junor high school in Friendswood, Texas. The Art Club plans included silkscreening their own club tee-shirts, holding fund-raising activities, taking a field trip to an art institute, and obtaining permission to sponsor a school dance. They were also planning to produce a fashion show. They definitely had a very creative year!

The members of the 1982-83 Art Club members are F. Flores, C. Walker, S. Brewer, S. Kent, K. Bodée (sponsor), E. Cyrs, C. Castro, and M. Bell.

C'EST LA VIE

The French Club once again filled their year with activities such as car washes, shopping trips to Austin, candy and the now traditional sale of maroon and white kangaroo scarves, berets, and mittens. In February, they brushed up on their French skills and talents and showed them off at a symposium in San Angelo. They even got a taste of the French life when they visited New Orleans during spring break. As the French Club will tell you, "C'est la vie!"

Members of the French Club are: B. Washington, S. Robetson, T. Ontiveros, K. Geisendorff, T. Taylor, O. Desjardins, C. Eubanks, S. Jordon, S. Rinker, R. Paxton, D. Dinton, M. Gordon, L. Morison, S. Tha Spanish Club was one of the more outgoing clubs at K.H.S. this year. One of the ways the members had fun and got involved was to go on a different outing each month. They went ice skating in October, horseback riding in November, and pizza partying in December. This year's club had very enthusiastic members who sold everything from Advent calendars, to the ever popular "Fiesta Nachos" in order to raise money for their spring trips to San Antonio, and Six Flags. Along with the guidnce of Mrs. McBay, the Spanish club had a really exciting year experiencing the Spanish language and culture.

Spanish Club officers are A. Fields, C. Rash, D. Lomax, and sponsor, mrs. McBay.

Industrial Arts Supports The ROOS

This year the Industrial Arts Club was one of the most involved clubs at K.H.S. They supported not only the school, but many other clubs as well. They helped with the building of the C.R. Clements Boys Club spook house, and made the framework for the castle in the band's halftime tribute to Walt Disney. They also came to the rescue of the Kangerettes by building their props for the pagentry show. Among the other things they participated in werethe state and regional competitions. They sponsored, for the first time, a float in the Fire Prevention Parade. The float was ridden by Marion Emery, Miss Roo.

REAL H.E.R.O

Home Economics Cooperative Education was an outstanding group of students that had a parallel interest in home economics and home economic related occupations. H.E.R.O. was a very contributive factor in the community this year.

In October H.E.R.O. sponsored a Halloween party for a children's home. They also held a Western Roundup, which was a gathering of students and parents getting acquainted with each other. In December, through the Santa Pal program, the group sponsored a needy family. In the spring the students also held the annual miss Bell Haven Pageant. These are just some of the many activities that made H.E.R.O so outstanding and important to the community.

EDUCATORS OF TOMORROW

The Future Teachers of America was a small but very active group at Killeen High School this year. Aided by their sponsor, Mrs. Rogers, F.T.A. met every Tuesday morning at eight o'clock, and held many fund raisers this year; popcorn sales and Christmas Napkins to name a few. The funds raised by these sales went towards their spring trip to the state Convention. They did not participate in contests this year but they continued to maintain friendly relationships between teachers and students, and supported education in general.

The 1982-83 F.T.A. members are Cathy Holder, secretary; Paul Wines, Historian; Gina Rape, Vice-President; and Jeri Wells, President.

Showing the F.T.A. entry in the door decorating contest is PAUL WINES.

FHA IS REALLY COOKIN'

The selling of Karmelkorn at lunch was a first here at KHS this year, thanks to the FUTURE HOMEMAKERS OF AMERICA. It was among many other fund raisers they had, including the selling of carnations, and of course, bake sales. The FHA has become a very active chapter this year. They baked goodies for the nursing homes and made Christmas decorations for them. They even "adopted" grandparents.

Their activities were not just limited to the local scene either. They attended an FHA workshop in Round Rock, an area convention in Austin, and State Convention in Dallas. Look out Killeen, here are the Future Homemakers of America!

NO CHILI TODAY, MAYBE TAMALE

The Texas History club started last year for students who were interested in Texas history, didn't get off to a good start this year. They had scheduled a Chili cook off for February 30 but as you can see by looking at the date the cook off never "got off". Other plans for the year included trips to San Antonio and other historical sights.

President CINDY HARTRICK sets a prospective date for the Annual Chili Cook-off.

The 1982-83 Texas History Club members are Mr. Turner, Travis McLeod, Jeanie Goetcher, Andy McComb, Barbara Leon, Lee Roberts, Kathy Smith and Wayne Fajkus.

Shaping The Future

Distributive Education was a popular vocational course again this year. Classes were offered in business, marketing, management, and retail. Aside from classroom activity, on the job training was also provided by community employers. D.E. was a good way for students to learn useful tips about the business world tht would be needed after graduation. This program helped to shape a creer-minded student into a future business person.

Members of the pre-employment class are D. Boyer, E. Erisdale, T. Griffith, B. Angel, M. Zurita, B. Tucker, C. Mosqueda, C. Salcido, M. Fuller.

A CUT ABOVE

Cosmetology is a very lucritive field these days, and again this year many students got a head start through the cosmetology course offered at the Killeen Area Vocational Schools. These students were taught everything they needed to attain a license to practice cosmetology, and most were placed working in the community by graduation. Mrs. Harrison, the cosmetology sponsor said that in order to be a cosmetologist these days, a student must be motivated, fasion oriented, and ambitious. These students must be a cut above.

Playing by the Golden Rule

"Do unto others . . ." not only applies in the classroom but on the field as well. No matter what the sport, a good healthy and honest attitude is needed, whether it's concerning the opposition or fellow teammates. That's what the Fellowship of Christian Atheletes is all about. It was a first for Killeen High this year, but it took off with a large membership and high hopes for cleaner, more fulfilling competition. The purpose of FCA was not only to instill better feelings towards competition, but better feelings towards life as well. It provided an excellent opportunity for atheletes and even some non-atheletes as well to gather together under a common goal—to live a good Christian life.

Fellowship of Christian is commaradery among students as seen here.

F.C.A. officers are D. Dorsey; Church Coord., D. Condor; Fellowship Coord., B. Greene; Program Coord., D. Glosson; Pres., H. Armstrong; Sec., A. Gawryzewski; Tres., D. Phillips; Reporter. F.C.A. Sponsors are Mark Bell, Diana Glosson (Pres.), Wayne Howard.

Mary Garber, Diane Hardion, and Gary Hart find that the most tedious part is waiting for the show to begin.

ROOS DEVOTING ON A VOLUNTARY BASIS

The Devotional Club wasn't really a club that called role or had mandatory meetings, but a group of very special individuals who attended each Wednesday morning on a voluntary basis. Lead by president Jody Heckathorn and sponsors Mrs. Dorman, Mrs. McMullen, and Mr. Sutton, anyone who wished could come for the fellowship and guidance offered by these people. This group helped the students bear with school life, home life and even bad times, providing a positive outlook on religion and enriching the lives of all.

Paving The Way

The vocational office education program offered a pre-employment course again this year. This course was offered to only juniors who were taught the basics of office education in order to prepare them for the co-op program offered to seniors. They learned skills on typing, telephone manners, and basic office procedures. There were also weekly courses in self-confidence called the "I Can" program. This program was designed to give the kids the confidence they need in the competitive world of business.

BROADENING THEIR HORIZONS

The German Club was very impressive, not only because they held bake sales, raised money, and went on skating trips, but because they brought students together to learn about German. They also brought themselves together to build school spirit, like constructing an eagle for the bonfire. This was a truly outstanding group of students that cared about their school, each other, and of course the German language!

1982-83 German Club Officers are Becky McDonnel; Historian, Stan Golaboff; President, and Andrea Nigtser; Secretary/Treasurer.

LATIN LOVERS

The Latin Club was a productive club, even though they lacked a huge membership. This club participated mainly with the French Club in the events they attended, and the items they sold.

Six devoted members and one faithful sponsor led the Latin Club. From placing in the door decorating contest to attending the Classical Convention in San Antonio, the club stood together.

The Latin Club proudly displays their award winning Christmas door.

FFA PLOWS THROUGH THE NEW YEAR

The primary aim of the futue Farmers of America is the development of agricultural leadership, cooperation, and citizenship. Approximately one hundred members and their sponsors were constantly preparing for numerous stock shows, and leadership and judging contests throughout Texas. Among the events they participated in were the Heart of Texas Fair, the F.F.A. State Convention, the area convention, and the Bell County Livestock Show. They successfully closed their year with an awards barbeque.

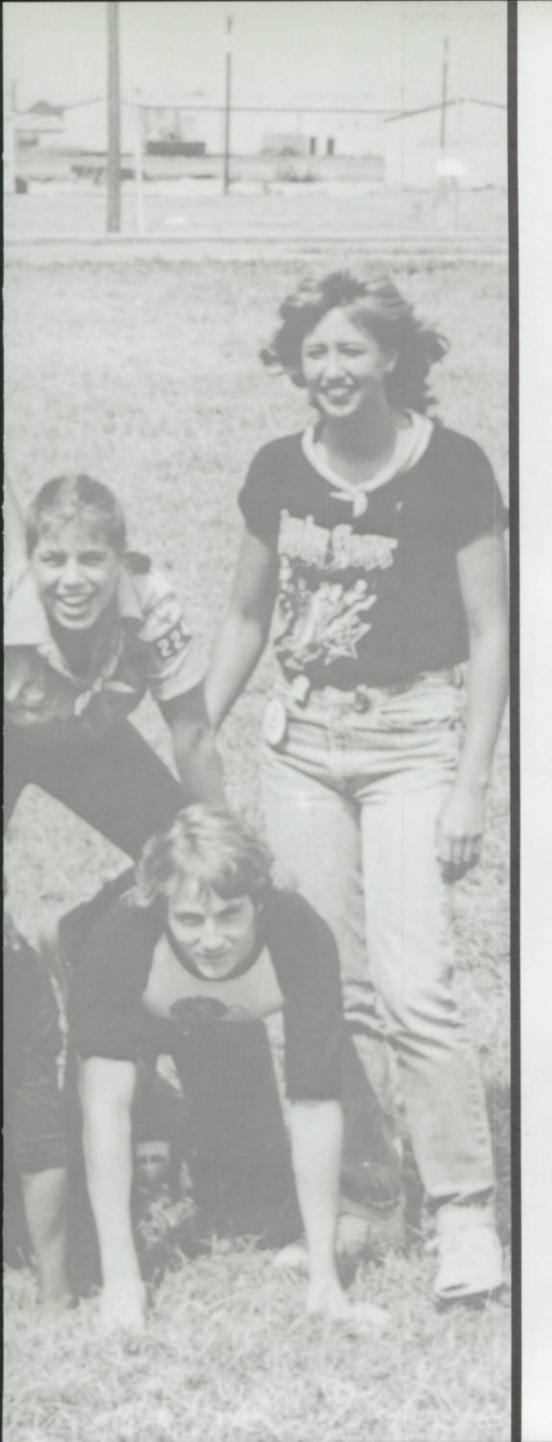

The officers of FFA are Sponsor, Mr. Ferris; reporter, Brett Gordon; vice president; treasurer, Ruth Shuttleworth, president, Wade Heiner, secretary, Jeannie Shannon.

The 1982-83 Members of FFA are Scott Hines, Danny Touchet, John Myers, Eddie Eakins, Robert Young, Andrea Joshlin, Second Row; Hong Baker, Lee Ann Aaron, Jennifer Smith, Jeannie Shannon, Wade Heiner, Kent Dillard, Ruthrth, Brett Gordon, Karrie Dillard, Scott White, Third Row; Lisa Tuisenberry, Christine McWorth, Richard Townesend, Ed Noteboom, Troy Mille, Craig Reed, Tommy Whalen, Terry Williams, Randy Richardson, Jody Teegardin, Dolleen Galtinger, Fourth Row; Johnny Spears, James McKee, James Trippet, Todd Gohannon, Sean Pruett, Richard White, Tony Easterling, Donna Jones, Debbie Morris, Steve English, Glenn Mathiews, Larry Owens, Rodney Lawyer, Bart Bass, Allen James, Roy White.

RUTH SHUTTLEWORTH is this year's chapter sweetheart.

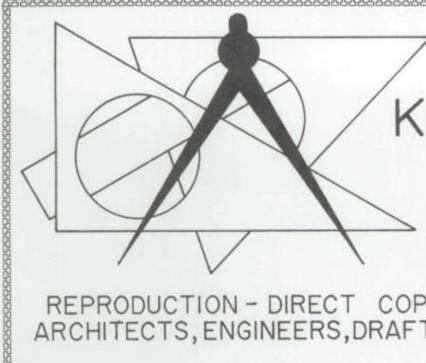

The ADded Touch ... that makes the yearbook possible every year comes from our participating sponsors in the "Greater Killeen" area.

Killeen in the last three years has risen to its own independence from the other surrounding cities and it is this independence that keeps both the city of Killeen and our yearbook on top and ever growing with True Roo Spirit.

Killeen's centennial was this year and the newly aquired slogan is Killeen "The Bright New Star" which it has come about with the new Industrial Park, and the Killeen Mall built in 1981. Killeen is going to grow and prosper in many new areas and along with the industry, the people and spirit backing the Roos will grow also into a Bright New Star.

You can help.

You've heard a lot about the need to conserve electricity and all forms of energy. Not only does conservation help save our nation's precious energy resources it helps you and your family save money since the cost of energy is a big chunk out of most families budgets. You can help your family by doing your part ... make sure you close doors and windows when the heating or air conditioning unit is on; don't "graze" when you raid. the refrigerator - know what you want before you open the door; hot water takes energy try a shorter shower; and make sure the television or stereo is off when you're through with it. Work with your family to save energy now ... you'll help make sure there will be enough for everyone when you start a family of your own.

Inveil a portrait of MISS GENIE
FITZPATRICK, a long-time KHS librarian.

Physics teacher, MRS. GRAY writes a equation on the blackboard.

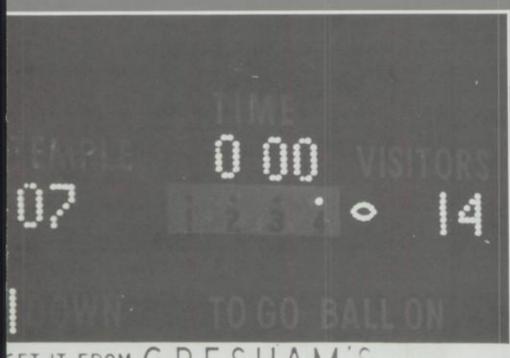

Making a spectacular, blazing spectacle, the ROO bonfire glows brightly and musters up spirit.

Exchange Teacher, MR. KANAE, presents our principal, MR. LAWLER, with a poem written Japanese style.

In an effort to raise money for the Easter Seal Telethon, the Council of Officers went to these little children, who were in a need for financial assistance. SUSAN YOUNG bends to converse with a little boy.

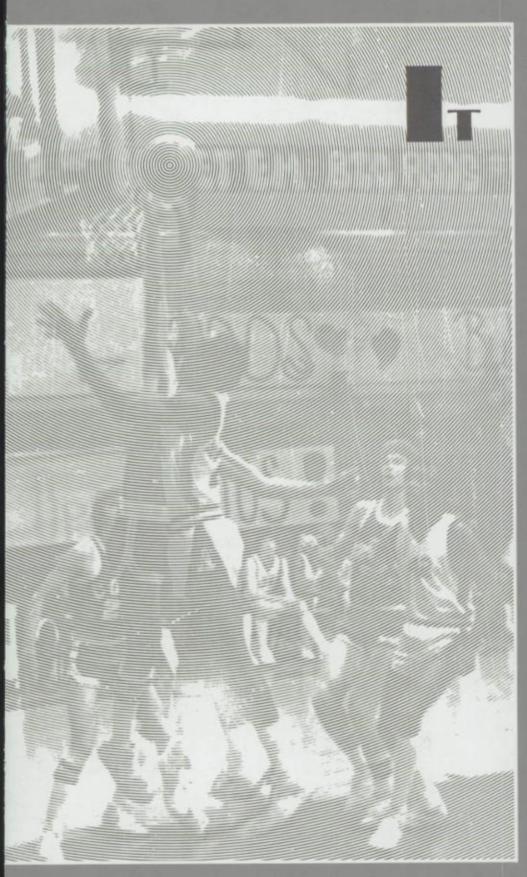

MRS. PATTERSON proudly presents to society; the kings and queens of the future.

GET IT FROM GRESHAM'S

JAMES DOCOTR goes up strong against a Copperas Cove defender.

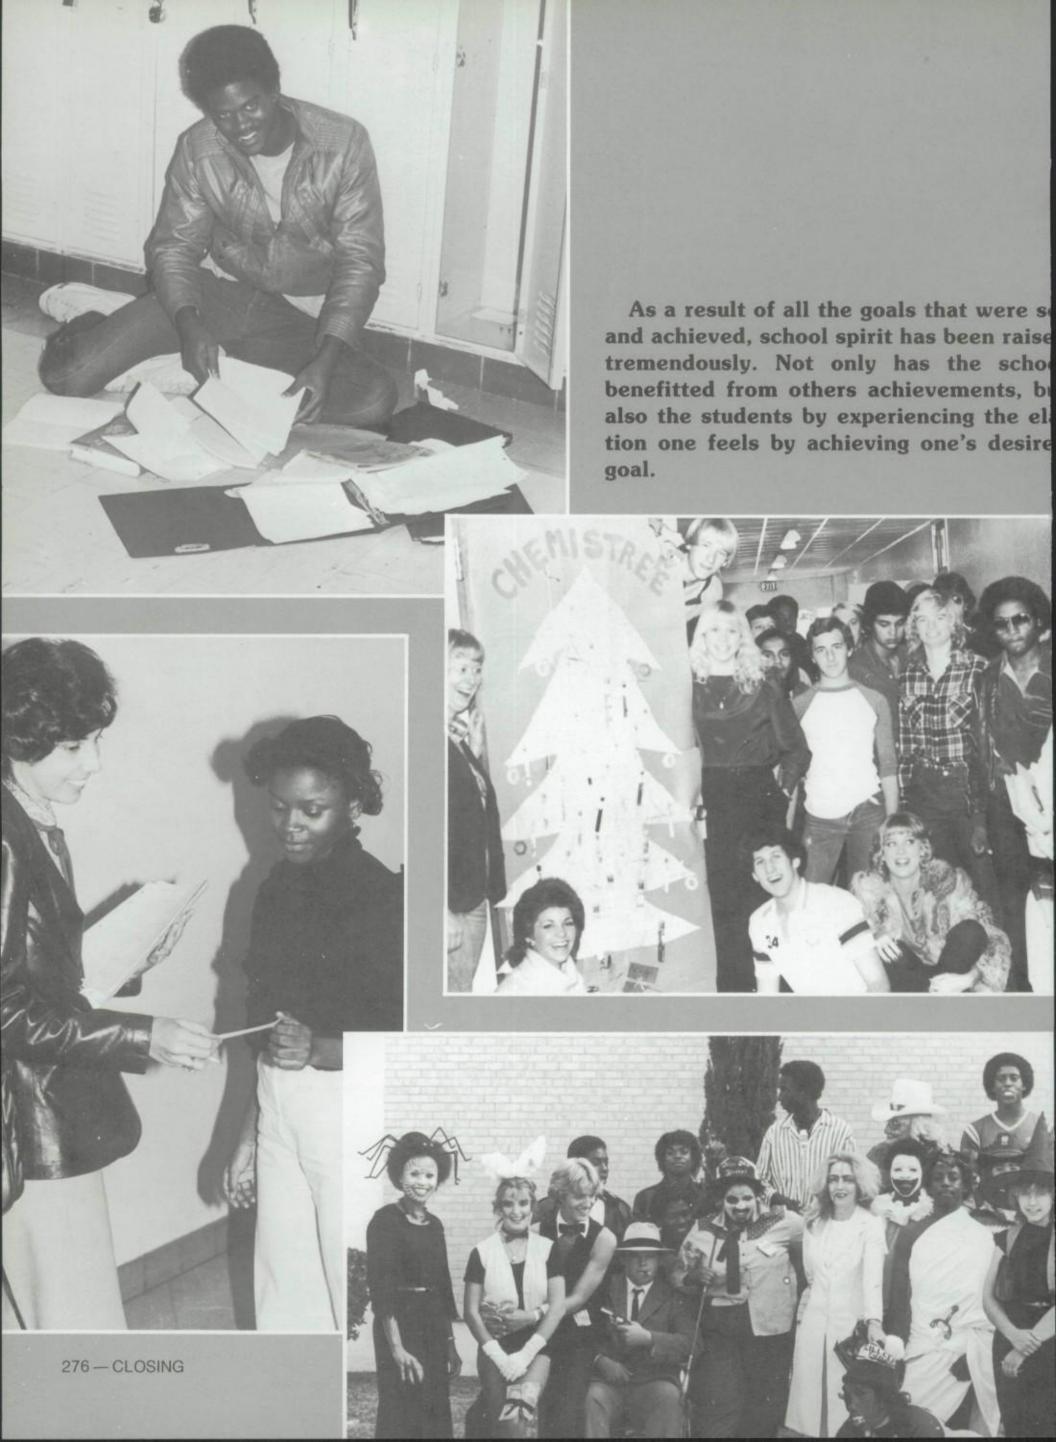

Was a Very Good Year

The Achievement of a goal is a self-satisfying experience that can be found almost anywhere around Killeen High School.

The 1982 football team's win over Temple is a good example of a goal that was set and achieved. After the loss to Copperas Cove, they set what seemed to be an almost unattainable goal of beating Temple. This goal was definitely achieved. In fact, it was the first Killeen win over Temple since 1975.

A school wide goal that was accomplished this year was represented by the annual project of raising money for the United Way. Contributions were taken up around the school for a week totaling \$3000.00, which is more than Killeen High School has ever contributed.

(Continued on page 276)

JOHNNY MARABLE cleans out his locker in an attempt to put together an English notebook quickly.

MRS. HERMANN'S Advance Placement Chemistry Class presents their "Chemistree."

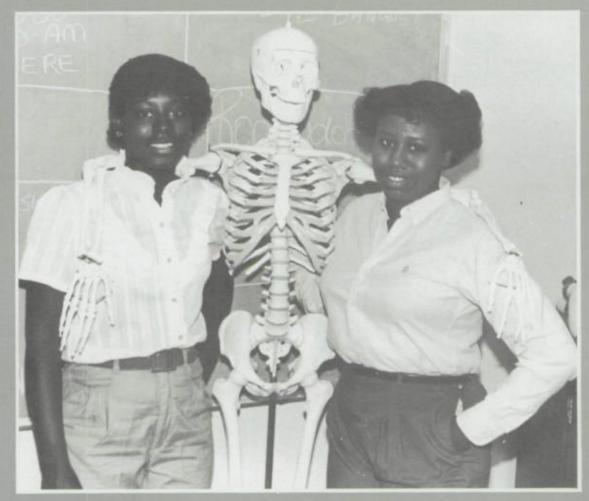

A hall pass is a neccessity, if you are going to be in the halls during lunch; MRS. WATSON stops JACKIE HARDISON to check out her pass.

"Halloween brings the best out in everyone," as the students and faculty of KHS dress up in their favorite costumes on Halloween Day.

Kangarette, KARI FITZSIMMONS, performs to the music.

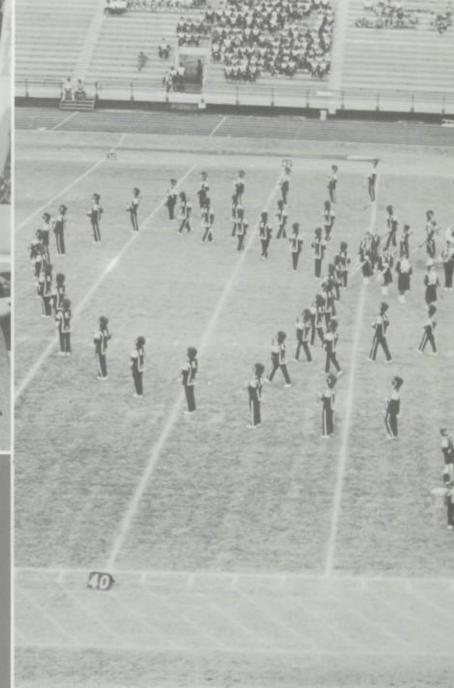

Ugh! It's a skelton, but it doesn't seem to bother either VASHTI FORBES or RHONA JAMES, who are both VOC Healthcare students.

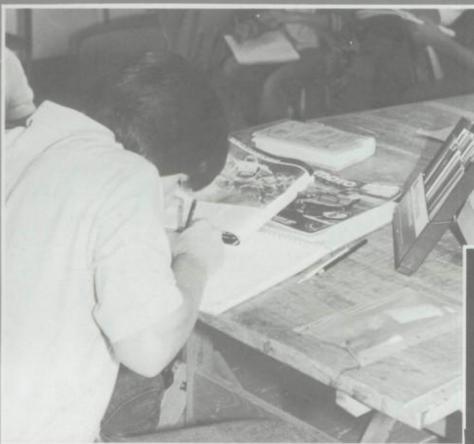

On the line of scrimmage, the ROO DEFENSE prepares to seek and destroy.

KELLIE BLAIR shows off her twirling expertise and balance during a pep rally.

Launching off one of his "Infamous," jump shots is MARCUS BOLDEN.

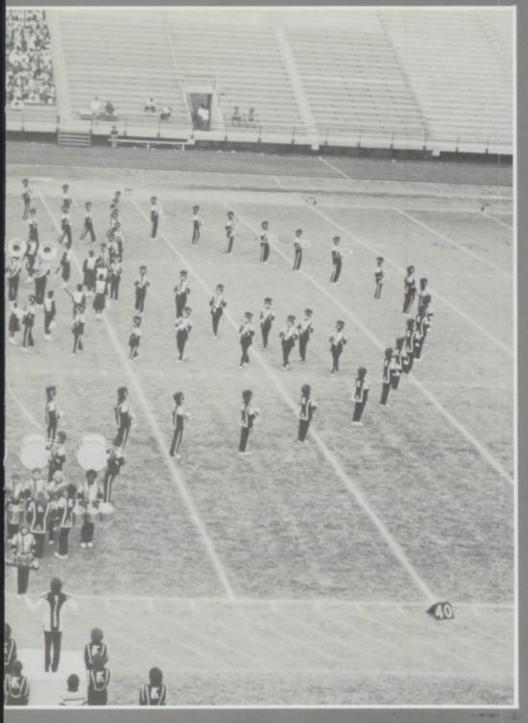

RUTH SHUTTLEWORTH, FFA Sweetheart demonstrates her charm and charisma wih livestock. All "Duded up" in western gear on Western Day is MARCIA ARMSTRONG.

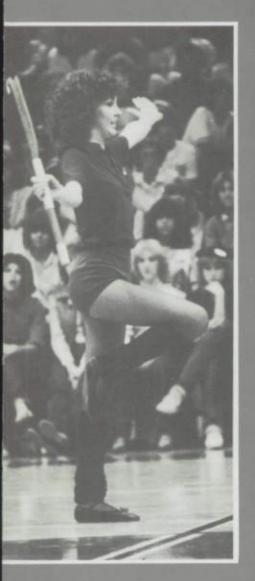

Marching to the sound of "One Voice," the pride of KHS, THE BAND, dominates the field.

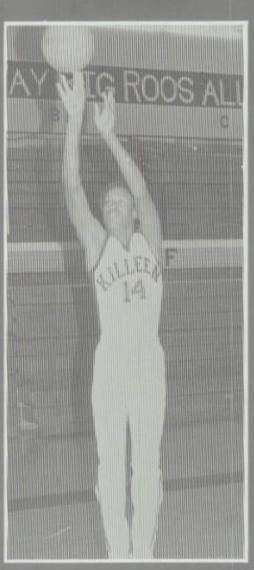

MIKE BELL directs his full attention to his drawing in drafting class.

Flanked by two "Roo-supporters," **JOE KNAPP** makes his way off the field.

NEWS DARKS REKINDLE OLD S DIRIT

Spirit at K.H.S. has always run deep, but lately has been smoldering below the surface. It took the fired-up spirit of Mark Scharenbroich to set it burning again. Among the ideas adopted from Sharenbroich was the famous class competition, involving everything from pie eating to tricyle races. They became organized outlets for that built-up spirit. The seniors go to show off their "expertise" while the freshmen filled the school with all the enthusiasm of finally fitting in. The juniors and sophomores chipped in with fun and laughs. All together we proved that it was okay to really support your class as well as your school. Involvement in these activities rekindeled old spirit and made us all, from senior to freshman, one.

The yearbook staff received a lot of help this year, and without the help of these people, who took time out from their jobs to contribute to our cause; the production of this book would not have been possible. MR. RICK BOALES, who took the color portrait for the title page; PHOTO WAVE, who developed the color pictures in the opening section; MR. BOB DEBOLT, who took many, many pictures including: the class and school favorites portraits, and some of the senior pictures; MR. JOHN OVERALL for his professional help; MR. CORBETT LAWLER and THE KHS FACULTY, who helped us in so many different ways, and without them we could not have made it; last but most of all MRS. PAULA BROCK. who was always there when we needed her. In our estimation she is the best advisor any yearbook staff could possibly wish for. Once again THANK YOU all for the support and help you have given us.
